

Lightning is a pony mare about 14 years old. She is very shy with new people and takes quite a while to learn to trust. She has Cushings disease which is under control with a daily medication (Prascend).

Oliver is a paint pony gelding about 9 years old. He was gelded on 7/27/15/. We don't know if he has had any training, but he would be able to be ridden if trained.

Santana is a 20 year old Quarter Horse gelding. He has a hernia so he can't be ridden. He takes daily pain medication for an old arthritic injury. He is well behaved and has excellent ground manners. He is a very handsome pasture ornament and has an easy-going personality. He really enjoys being around people.

Sabrina is a Quarter Horse mare about 17 years old. She has an old injury in her foot that makes her unable to be ridden. She is a good pasture pal and is the mother of "April."

Caddyshack is a 17 year old QH/maybe Paint cross. He is a great guy, excellent manners but is a cribber. He was ridden western and used as a cutting horse but prefers trails to the ring. He is safe for kids.

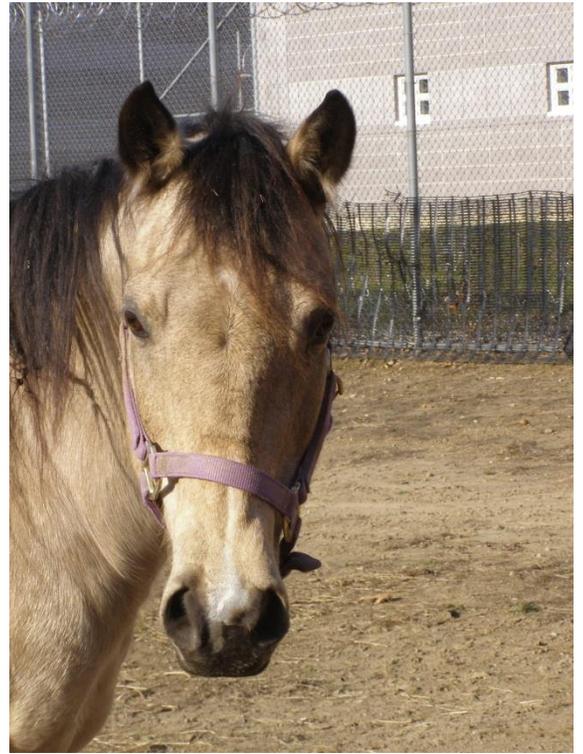

Libby is a 7 year old beautiful Paint. She has a tentative diagnosis of spinal stenosis and is a “wobbler” so she can not be ridden. She is pregnant. (The breeding happened before we got them and Diego is now gelded, see below).

Diego is a gelding about 4 years old. He was gelded 7/27/15. He is green broke western.

Freedom is a Paint gelding about 8 years old who is green broke western. He bucks however, so needs training.

Venus is a beautiful buckskin Quarter Horse mare about 15 years old. She is a proven broodmare as she came to us with a foal at her side. Because she was kept tied on cement in her previous life, she has arthritic knees and can't be ridden. She is a great companion horse and a pretty pasture pal.
