Special Order Footware

If your size is not available in any of these choices, Commissary will find a shoe in your size for you. Many shoe models are not available in very large, very small, or wide sizes, so your selection will be limited. On the lines below, describe the item and size [for example: "Man's size 4 all-white basketball shoe under \$50, preferably Nike"] The vendor will send a list of shoes that fit your description. They may or may not be able to provide pictures. Special order shoes must meet the same requirements as shoes stocked in the Commissary (color, materials, etc.) You will not be allowed to buy shoes with colors or other "special features." Commissary will only special-order the shoes you select if you have enough money to pay for them. Special-order items take several weeks longer for delivery because they are ordered directly from the factory. They cannot be refused or returned. The commissary will not find footwear for reasons other than size restrictions. Medical issues must be handled through the medical department.

Tax will be added to all footwear. This form will take priority over regular purchases.

The warranty that is provided by the manufacturer is the only warranty in effect. Please review and retain your warranty information. The commissary may be able to assist with replacing items defective at the time of delivery.
