

Windham Air Line State Park Trail

Trail Highlights

This trail is a section of the 50-mile Air Line State Park Trail that begins in East Hampton and ends in Putnam. In Windham, there is a section of trail that is not established, this runs from the Lebanon town line to the Route 32 and Jackson Street intersection. As a detour through this section one could exit the Lebanon trail at its intersection with Village Hill Road following this road south then turn east onto Route 289. Follow Route 289 until the intersection with Pleasant Street in Windham, then follow this road east. Travel along Pleasant Street until the intersection with Jackson Street (the Frog Bridge), then connect with the Kensington spur section of the trail. This section begins at the intersection of Route 32 and Jackson Street running northeast where it then crosses Route 195 and the Natchaug River and ends at the intersection with Route 66 and Tuckie Road. At this point the trail is complete and travels northeast eventually crossing Route 203 and then Boulevard Road. This section of the trail ends at the Windham town line where it meets the Chaplin portion of the trail.

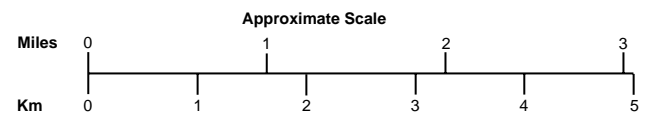

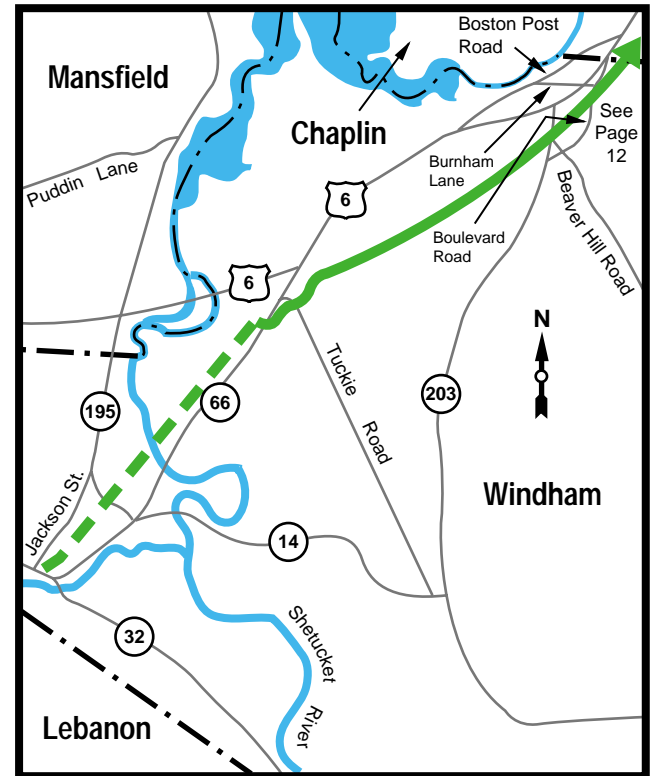

Parking and Accessibility

No designated parking area is available for trail users.

From Route 6 East: About 1.4 miles after entering the town of Windham, turn right onto Route 203. Or turn right onto Burnham Lane, then right onto Boulevard Road. The trail can be accessed off of these roads.

From Route 6 West: Upon entering the town of Windham, turn left onto Route 203. The trail can be accessed off of Route 203.
