

## New London New London Vista Walkway

Anticipated completion: Fall 2003

### Trail Highlights

This multi-use trail will be approximately 3.5-miles long and contain both on- and off-road portions. The off-road portions will be 10 feet wide. The trail will connect Connecticut College, the Science Center, Union Railroad Station, the waterfront, including ferry service to Fisher's Island and Block Island, and the city pier.

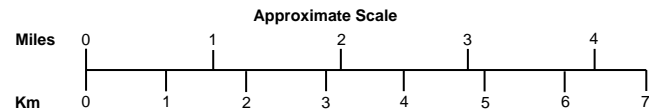

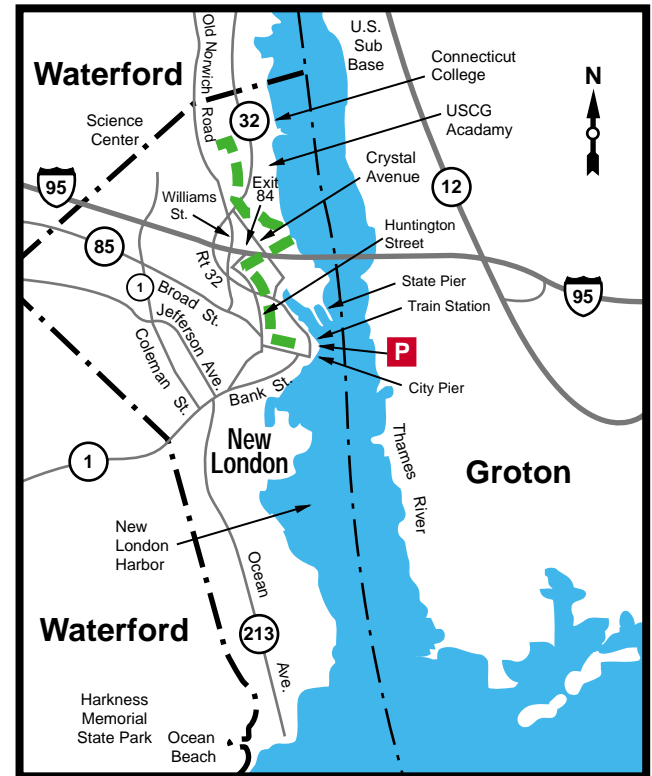

### Parking and Accessibility

Parking is available at the city pier and adjacent to Union Railroad Station in downtown New London.

**From I-95 South:** Take exit 84 to Williams Street/Hodges Square. Turn onto Williams Street, head south. Continue under the I-95 bridge to the traffic light. Take a left at the light and follow the signs to the Amtrak Station and Fisher's Island ferries.

**From I-95 North:** Take exit 84 to Huntington Street. Take a left onto State Street and follow the signs to the Amtrak Station and Fisher's Island ferries.
