The Connecticut Department of Transportation (Department) is seeking to engage one (1) prequalified consultant engineering firm, in the category listed above, to provide Construction Engineering and Inspection services for the following assignments:

Project No. 0051-0260 – This project consists of the reconstruction of Route 4, from Route 10 to Mountain Spring Road, in the Town of Farmington. This project is scheduled to be advertised on September 16, 2015 with a scope code of “I”.

Information regarding the licensing, certification and qualification requirements for this project can be found in the “Construction Engineering and Inspection Information Pamphlet for Consultants” dated August 2008. (This Pamphlet can be found online at www.ct.gov/dot under the publications link.)

Firms responding to this request should be of adequate size and sufficiently staffed and experienced to perform this assignment and will be required to provide the necessary staffing upon execution of the contract.

Please be advised that the Department currently utilizes SiteManager software for construction management reporting. Firms should also be familiar with the Department’s construction policies as outlined in our Construction Manual. (This Manual can also be found online at www.ct.gov/dot/construction under the publications link.)

If your firm desires to be considered for this assignment, your submittal should consist of a one page letter of interest and ConnDOT Form CSO 255, along with a maximum of five (5) resumes, one of which must be that of the proposed resident engineer, as well as assurance that he/she will be available for work when required and one should also be submitted for the Office Engineer. A final selection is anticipated by December 31, 2015.

Your CSO 255 form should identify the following: your proposed staff and their qualifications, experience, and availability to perform the required services. Your submittal will be evaluated on the following criteria:

This will be a cost-plus, fixed-fee contract. All firms are advised that the prime consultant must perform at least seventy-five (75) percent of the work with employees of the firm. Sub consultant assignments will be permitted for portions of the work up to twenty-five (25) percent of the agreement value. Joint venturing assignments will not be allowed.

You are advised that a Disadvantaged Business Enterprise (DBE) goal applies to this project. The goal will be no less than 10 percent (10%) of the agreement value. To be eligible for DBE credit, the sub-consultant(s) must be currently certified by the Department. If the prime consultant is a Connecticut certified DBE firm, they will satisfy the DBE requirement provided their percentage of work performed meets the assigned goal.

Proof of coverage must be submitted on acceptable insurance forms prior to the start of the negotiations process.

Do not send additional documentation other than what is requested. The Consultant Selection Panel may reject your submittal, and your firm may not be considered for this project if you provide additional documentation such as corporate brochures, background information, and histories.
