I. INTRODUCTION

A. PETITION

By its own motion, and pursuant to Section 13b-96 of the Connecticut General Statutes, as amended, the Regulatory and Compliance Unit of the Department of Transportation (hereinafter "department") filed a petition, on May 1, 2008, for authorization to amend and increase the taxicab flat rates of fare, based on the significant rise in fuel prices and general inflation, from Bradley International Airport (hereinafter "Bradley") queue line, in Windsor Locks, Connecticut, to all one hundred sixty-nine (169) cities and towns within Connecticut.

Notice of the petition and of the hearing to be held thereon was given to all such other parties as required by General Statutes Section 13b-97(a), as amended, including all taxicab operators with authority to solicit, receive and discharge taxicab passengers at Bradley, in accordance with Section 13b-97(d). Legal notice to the public was given by publication in the Hartford Courant, a newspaper having a circulation in the area of concern.

D. OFFICIAL NOTICE

Official notice was taken of the following:

RE: Petition of Grigory Bratslavsky d.b.a. Grigory's Taxi, Et Al to Increase the Taxicab Rates of Fare from the Queue Line at Bradley International Airport to All 169 Cities and Towns in the State of Connecticut, Connecticut Department of Transportation Final Decision, Docket No. 0509-R-13A-T (March 27, 2006).

Official Mileage, State of Connecticut, Docket 6770A, Supersedes Docket 6770, dated September 1, 1939, Bureau of Planning and Research, State Department of Transportation (Reviewed and Reprinted 2/03).

II. FINDINGS OF FACT

1. This hearing and the resulting final decision is an update to the Final Decision rendered in Docket No. 0509-R-13A-T on March 27, 2006, in that the Department of Transportation Regulatory and Compliance Unit seeks authorization to amend and increase the queue line rates, to and from, Bradley in Windsor Locks, Connecticut to the 169 cities and towns in Connecticut.

2. All taxicab companies for which the established rates apply, are authorized to operate (solicit, receive and discharge taxicab passengers) at Bradley, pursuant to agreement with Bradley, in accordance with Connecticut General Statutes Section 13b-97(d).

3. The increases are requested based on general inflation and on the significantly increasing costs of doing business due to high fuel prices.

4. The official gasoline price is determined by using the AAA Connecticut Daily Fuel Gauge Report for unleaded regular gasoline.

5. The Automated Vehicle Identification (hereinafter "AVI") fee (administrative gate fee assessed by Bradley) is currently a fixed charge of \$2.25 per trip.

6. On September 1, 2008, the AVI will increase to a fixed charge of \$3.25 per trip.

7. The fares to and from Bradley are charged by flat rate as approved by the department, not on the meter rates.

8. The gas surcharge fee does not apply to trips from Bradley to any of the 169 cities and towns in Connecticut.

9. The rates of fare that taxicab companies sometimes charge from their authorized territory to Bradley may be in excess of those rates approved (by the department) from Bradley, depending on the territory's metered rate, if used, or the flat rate the taxicab company charges for its over 15-mile rate of fare.

10. Because it causes confusion to the public, rates charged by taxicab companies from their territories should not be in excess of those rates established from Bradley to the specific territory.

11. The last decision issued by the department increasing taxicab rates of fare from Bradley, based on increasing fuel costs, found that the average fuel cost, per gallon of gasoline, was \$2.22. RE: Petition of Grigory Bratslavsky d.b.a. Grigory's Taxi, Et Al to Increase the Taxicab Rates of Fare from the Queue Line at Bradley International Airport to All 169 Cities and Towns in the State of Connecticut, Connecticut Department of Transportation Final Decision, Docket No. 0509-R-13A-T (March 27, 2006).

12. In 2006, the median cost of gasoline was fourteen cents (14¢) per mile.

13. In 2006, the median number of miles per gallon was sixteen (16).

14. Based on the Consumer Price Index, the increase in inflation from March 2006 to June 2008 was 9.5%.

15. In 2008, the cost of gasoline per mile increased to approximately twenty-seven cents (27¢) per mile.

16. In 2008, the median number of miles per gallon was sixteen (16).

17. In March 2006, the average price of gasoline was \$2.22 per gallon.

18. In June 2008, the average price of gasoline was \$4.38 per gallon.

19. The current median cost, per mile, for a taxicab company's gross profit and other operating expenses, *other than fuel*, for trips over 15 miles is \$2.20 per mile.

20. The current median cost, per mile, for a taxicab company's gross profit and other operating expenses, *other than fuel*, for trips 15 miles or less is \$2.35 per mile.

III. DISCUSSION

The department has jurisdiction over each person, association, limited liability company or corporation owning or operating a taxicab within the State of Connecticut. In addition, the department is authorized to prescribe adequate service and reasonable rates and charges with respect to fares, service, operation and equipment, in accordance with General Statutes Section 13b-96, as amended.

In calculating and recommending rates of fare to and from Bradley, the department has historically established the queue line taxicab rates of fare, originating from Bradley in Windsor Locks, Connecticut, at a particular rate per mile times the distance published in the Official Mileage Guide. These rates per mile are based on the operating needs of the taxicab companies due to inflation, increases in the cost of insurance, parts, maintenance and fuel.

The petition, filed with intervenor support, purports that the costs of fuel and inflation, from 2006 to 2008, have dramatically increased and that the current taxicab rates of fare from Bradley to the 169 cities and towns in Connecticut make it progressively more difficult for the taxicab operators to provide adequate service. Not only is it increasingly difficult to provide service and pay for the increased costs associated with operating the business, the companies cannot make any profit, providing less incentive to maintain the business to adequately serve the general public.

Taking into consideration the evidence provided in the record, an increase in the flat rates of fare from Bradley to the 169 cities and towns in Connecticut is warranted. The increase in the rates of fare and gross profit are fairly represented based on inflation in the approximate amount of 9.5% (per the Consumer Price Index) from 2006 to 2008.

Because of the fact that the price of fuel has increased at such a dramatic rate since 2006, the department will publish rates for the cost of fuel from \$3.50 per gallon to \$6.00 per gallon, at fifty-cent (\$0.50) intervals, plus an AVI fee of \$3.25 and the increased cost of gross profit and other operating expenses.

The differentiation in the increased rates of fare between "short" and "long" trips takes into account the long standing proposition that those towns comprising "short" fares from Bradley cost more per mile because, without increased compensation, those trips would not be provided.

Occasionally, the rates that are charged by taxicab companies from their respective territory to Bradley may be in excess of the rates from Bradley to that specific town. Accordingly in those instances, a taxicab company will not be authorized to charge over the cost of the trip from Bradley as published in this decision.

The AVI fee charged by Bradley will change from the current \$2.25 per trip to \$3.25 per trip on September 1, 2008, accordingly, the rate schedule adopted herein will become effective with the new AVI fee on September 1, 2008.

Lastly, based on the dramatic fluctuation of fuel costs, and to ensure stability in the taxicab rates of fare from Bradley, the Regulatory and Compliance Unit will review the fuel charges (based on the AAA Connecticut Daily Fuel Gauge Report) quarterly, beginning January 2, 2009, to determine if the over fifteen-mile rates have changed by more than five percent (5%).

If the rates for the over fifteen-mile trip has increased over five percent (5%), the taxicab companies under contract with Bradley will be notified by the Regulatory and Compliance Unit with notice of change of rates, in accordance with the schedule of rates as adopted herein.

IV. CONCLUSIONS OF LAW

Therefore based on the above, the petitioner and intervenors have provided substantial evidence to support the conclusion that the flat rates of fare from Bradley International Airport in Windsor Locks, Connecticut to the 169 cities and towns in Connecticut should be increased. The increase, as indicated in Schedules A through E represent reasonable rates, in accordance with Connecticut General Statutes Section 13b-97(a).

V. ORDER

Based on the above, it is hereby ORDERED:
