

General Permit Registration Form for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities

Please complete this form in accordance with the general permit (DEP-PERD-GP-015) in order to ensure the proper handling of your registration. Print or type unless otherwise noted. You must submit the *Permit Application Transmittal Form* (DEP-APP-001) and the registration fee along with this form.

DEP USE ONLY	
Application No.	_____
Permit No.	_____
Facility I.D.	_____

Part I: Registration Type

Enter a check mark in the appropriate box identifying the registration type.

<p>This registration is for (check one):</p> <p><input checked="" type="checkbox"/> A <i>new</i> general permit registration</p> <p><input type="checkbox"/> A <i>modification</i> of an existing general permit</p>	<p>Please identify any existing permit number in the space provided:</p> <p>Existing permit number:</p> <p>GSN</p>
--	---

Part II: Fee Information

<p><input checked="" type="checkbox"/> Registration only</p> <p><input type="checkbox"/> Registration and Plan Review</p>	<p>A registration fee of \$500.00 is to be submitted with <i>each</i> registration that you are submitting at least 30 days before the initiation of construction activities.</p> <p>All construction projects that result in the disturbance of ten or more acres require the submittal of a Stormwater Pollution Control Plan and a \$500.00 plan review fee. The plan and the fee must be submitted 30 days prior to initiation of the construction activity.</p> <p>\$500.00 registration fee + \$500.00 review fee = \$1,000.00 total fee</p> <p>For municipalities, a 50% discount applies. The registration will not be processed without the fee. The fee shall be non-refundable and shall be paid by certified check or money order payable to the Department of Environmental Protection.</p>

State:

Zip Code:

Business Phone:

ext.

Fax:

Site Phone:

Off-hours Phone:

Contact Person:

Title:

6. List any engineer(s) or other consultant(s) employed or retained to assist in preparing the registration and Stormwater Pollution Plan.

Please enter a check mark if additional sheets are necessary, and label and attach them to this sheet.

Name: **STV Incorporated**

Mailing Address: **80 Ferry Boulevard**

City/Town: **Stratford**

State: **CT**

Zip Code: **06615**

Business Phone: **203-375-0521**

ext.

Fax: **203-377-2541**

Contact Person: **James E. Sherwonit**

Title: **Vice President**

Service Provided: **Design Consultant**

Part IV: Site Information

1. Site or Project Name (if any): **Moses Wheeler Bridge Foundations**
Street Address or Description of Location: **Over Housatonic River between Stratford and Milford**

City/Town: **Stratford and Milford** State: **CT** Zip Code: **06615**
2. Brief description of construction activity: **Foundation work, storm sewer construction and waste stockpile area construction. (See attached)**
3. Start Date: **June/July 2009** Anticipated Completion Date: **November 2011**
4. Estimated total number of acres to be disturbed: **5.7**

Part V: Stormwater Discharge Information

1. Where does stormwater discharge to:
 Municipal Separate Storm System? Yes No (Name): **Orchard Street**
 Surface water body or wetlands? Yes No (Name): **Housatonic River**
2. Is the discharge located less than 500 feet from a tidal wetland, which is not a fresh-tidal wetland?
 Yes No
3. Name of the watershed where the site is located OR nearest waterbody to which it discharges:
Housatonic River
4. Is construction in accordance with the Guidelines established under Section 22a-329 of the Soil Erosion and Sedimentation Act? Yes No
5. Is construction in accordance with local soil erosion and sediment ordinances? Yes No
Note: A copy of this registration and the Stormwater Pollution Control Plan must be available to the town wetlands enforcement officials, wetlands commission, or their equivalent.
6. Will the construction project disturb over ten acres? Yes No
If yes, enclose a copy of the Stormwater Pollution Control Plan and plan review fee.
7. Has the construction project been reviewed for compliance with the following DEP programs?
 - a. Coastal Management Act (Section 22a-92 of the Connecticut General Statutes) Yes No
 - b. Endangered and Threatened Species (Section 26-306 of the Connecticut General Statutes)
 Yes No
 - c. State and Federal Historic Preservation statutes? Yes No.

Part VI: Supporting Documents

Please enter a check mark by the attachments as verification that *all* applicable attachments have been submitted with this registration form. When submitting any supporting documents, please label the documents as indicated in this part (e.g., Attachment A, etc.) and be sure to include the registrant's name as indicated on the *Permit Application Transmittal Form*.

<input checked="" type="checkbox"/>	Attachment A:	An 8 1/2" x 11" copy of the relevant portion or a full-sized original of a USGS Quadrangle Map indicating the exact location of the facility or site. Indicate the quadrangle name on the map. (To obtain a copy of the relevant USGS Quadrangle Map, call your town hall or DEP Maps and Publications Sales at 860-424-3555.)
<input type="checkbox"/>	Attachment B:	A copy of the Stormwater Pollution Control Plan and plan review fee of \$500.00, if the construction project disturbs over 10 acres

Part VII: Environmental Professional Certification

The following certification must be signed by a professional engineer, licensed to practice in Connecticut.

"I certify that I have thoroughly and completely reviewed the Stormwater Pollution Control Plan for the site. I further certify, based on such review and in my professional judgment, that the Stormwater Pollution Control Plan has been prepared in accordance with the Connecticut Guidelines for Soil Erosion and Sediment Control, as amended, and the conditions for the General Permit for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities and the controls required for such Plan are appropriate for the site. I am aware that there are significant penalties for false statements in this certification, including the possibility of fine and imprisonment for knowingly making false statements."

Part VIII: Registrant Certification

The registrant *and* the individual(s) responsible for actually preparing the registration must sign this part. A registration will be considered incomplete unless all required signatures are provided.

"I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify that, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining the information, the submitted information is true, accurate and complete to the best of my knowledge and belief. I certify that this general permit registration is on complete and accurate forms as prescribed by the commissioner without alteration of the text. I understand that a false statement made in the submitted information may be punishable as a criminal offense, in accordance with Section 22a-6 of the Connecticut General Statutes, pursuant to Section 53a-157b of the Connecticut General Statutes, and in accordance with any other applicable statute.

I also certify under penalty of law that I have read and understand all conditions of the General Permit for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities, that all conditions for eligibility for authorization under the general permit are met, all terms and conditions of the general permit are being met for all discharges which have been initiated and are the subject of this registration, and that a system is in place to ensure that all terms and conditions of this general permit will continue to be met for all discharges authorized by this general permit at the site. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowingly making false statements."

Signature of Registrant	Date
Joseph DeMarco	CDOT District Engr. Dist. 3
Name of Registrant (print or type)	Title (if applicable)
	11/7/08
Signature of Preparer (if different than above)	Date
William J. Kennedy	Project Engineer - STV Inc.
Name of Preparer (print or type)	Title (if applicable)
<input type="checkbox"/> Please enter a check mark if additional signatures are necessary. If so, please reproduce this sheet and attach signed copies to this sheet.	

Note: Please submit the *Permit Application Transmittal Form*, the Registration Form, Fee(s), and all Supporting Documents to:

CENTRAL PERMIT PROCESSING UNIT
 DEPARTMENT OF ENVIRONMENTAL PROTECTION
 79 ELM STREET
 HARTFORD, CT 06106-5127

Note: If discharging to municipal separate storm sewer, send a copy of this completed registration form to the owner or operator of that system.
 If discharging to a public drinking water supply watershed or aquifer area, send a copy of this completed registration form to the appropriate water company.

Attachment: General Permit Registration Form for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities
Applicant: Connecticut Department of Transportation
Project: Moses Wheeler Bridge Foundations, State Project No. 138-232

Part IV: Site Information

2. Brief Description of construction activity:

This project is a breakout project from the original State Project 138-221. The purpose of this Project is to construct the drilled shaft foundations for the future replacement of the Moses Wheeler Bridge that carries Route Interstate 95 over the Housatonic River. State Project 138-232 also includes storm and sanitary sewer installation, private utility relocation work, construction of a waste stockpile area, and other construction work offline from I-95. No work on the I-95 roadway or on the existing Moses Wheeler Bridge is included in this project. Construction work zones, waste stockpile area and trestles in the Housatonic River that are constructed under this project will remain in place for use on future Project No. 138-221.

The Moses Wheeler Bridge (Bridge No. 00135) and the associated project limits are located in the Town of Stratford and the City of Milford. The major work components of this project consist of the following:

- Construction of 35 drilled shaft foundations for the new Moses Wheeler Bridge.
- Construction of two trestles in the Housatonic River for work access to construct the drilled shafts (and for future use on Project No. 138-221).
- Construction of a waste stockpile area for the handling of contaminated soils.
- Installation of a storm sewer trunk line which crosses U.S. Route 1 southbound and the waste stockpile area in Stratford. Also included are storm sewer trunk lines in Milford from the new outfall located south of the boat launch access road to across Naugatuck Avenue and parallel to I-95 to the north of the freeway
- Relocation of a sanitary sewer in Stratford to resolve a conflict with a future stormwater quality pond in Stratford that will be located near the intersection of Ferry Boulevard and East Main Street.

Sedimentation and erosion controls, which are shown on Sheet Nos. SED 1 to SED 6, are included for use in the project. They include silt fences; temporary and permanent seeding of disturbed areas; temporary erosion control matting to protect grass lined drainage swales; permanent erosion matting to stabilize steep embankments; temporary precast concrete foundation seal assemblies at drilled shaft foundations in regulated areas; and riprap scour protection at the new storm sewer outfall.
