* Effective on calendar date January 3, 2009, the asphalt price listed is for the new paving grade being used in Connecticut, PG64-22. For existing contracts that continue to use a PG64-28 binder grade, the average selling price from the "East Coast Market – New England, Boston, Massachusetts Area" will be used in determining the Asphalt Adjustment Cost. The asphalt price information for both binder grades is included on the [Previous History](#) page.
