Special Note:
 Each of the urban RPOs is part of a metropolitan planning organization (MPO). Greater Bridgeport Regional Council (7) and Valley Council of Governments (6), work jointly on MPO related duties as one board. And, the Lower Connecticut River Valley Council of Governments (11/12) was recently formed from two separate planning regions. As such, at the time of this publication, the RPO is still designated as two separate MPOs by the federal government.
