Presentation:

The meeting was not well attended without any community representation. Due to the absence of attendees, a formal presentation was not given

Adjournment:

The proposed plans provide a design for correcting the structural deficiencies of the existing bridges while minimizing the need for future maintenance. Accordingly, the Department intends to seek design approval for the proposed plan. The Department will continue to keep the City informed of any changes that may occur as the design is being completed and will notify the City as the project transitions into the construction phase.

The meeting was adjourned at 7:30 PM.
