

Project Description (max. 130 words):

*Please include desired outcome or product in your description.

The selected intern can assist in providing support to statewide injury prevention initiatives that would address systems and environmental change to prevent injuries and disabilities to Connecticut residents. The addition will provide the flexibility to address injury related issues in a timely manner. Importantly, CTDPH has a 5 year grant from CDC to establish a Violent Death Reporting System (NVDRS) in Connecticut. An intern will provide a much needed staff that will abstract data for the Prescription drug Overdose module in the NVDRS. In addition, s/he will be instrumental in stakeholder presentations, collection and dissemination of best practices in the state.

The intern will benefit immensely from a hands-on approach and will be in constant communication with both the principal investigator and the project manager for the NVDRS project in CT. In an environment where excellence is expected, the intern will have the opportunity to put into practice his/her skills.

Semester:	<input checked="" type="checkbox"/> Fall	<input checked="" type="checkbox"/> Spring	<input type="checkbox"/> Summer
Project Start Date:	September		
Project End Date:	Ongoing		
Paid:	<input type="checkbox"/> Yes		<input checked="" type="checkbox"/> No
If yes, please provide stipend amount:			
Minimum Education Level Desired:	<input checked="" type="checkbox"/> Undergraduate	<input checked="" type="checkbox"/> Graduate	<input type="checkbox"/> Post-Graduate
References Requested (Provide 2)	<input checked="" type="checkbox"/> Yes		<input type="checkbox"/> No
Writing Sample Required	<input type="checkbox"/> Yes		<input checked="" type="checkbox"/> No
Special Requirements and Additional Information (e.g. preferred skills, hours etc.):			

Post Project on Web?	<input checked="" type="checkbox"/> Yes, I would like to recruit interns for this project. Please post until: Please provide a due date	<input type="checkbox"/> No, I already have a student for this project Student Name:
