

Allocation Of AIDS Funds

Allocation Of AIDS Funds

19a-121b-1. Funding

Funds are allocated to qualifying individuals and organizations, including local health departments, that serve persons infected with and affected by human immunodeficiency virus (HIV) or acquired immune deficiency syndrome ("AIDS"), the families of such persons and persons at risk of contracting HIV or AIDS, or both. Services provided shall include, but not be limited to, education, counseling, and prevention.

(Added effective May 2, 1988; Amended effective December 8, 2008.)

19a-121b-2. HIV Testing

Any agency that receives funds to provide tests for HIV shall give priority to persons in high risk categories.

(Added effective May 2, 1988; Amended effective December 8, 2008.)

19a-121b-3. Local programs

The Commissioner may issue requests for proposals to qualifying individuals and organizations.

(Added effective May 2, 1988; Amended effective December 8, 2008.)
