DWSRF No.: 2009 1680031a  
Project: New Wells & Associated Work

RE: Drinking Water State Revolving Fund (DWSRF)/American Recovery & Reinvestment Act of 2009 (ARRA) Pre-Bid Construction Contract Approval

Dear Mr. Burmeister:

The pre-bid construction contract documents submitted by the Woodlake Tax District for the above project were received on 07/27/2009, with revisions through to 09/24/2009 inclusive, by the Department of Public Health (DPH). The pre-bid construction contract documents for the contracts above have been determined to contain the necessary advertisement, non-technical and technical provisions to meet Drinking Water State Revolving Fund (DWSRF) requirements contained in Section 22a-482 of the Regulations of Connecticut State Agencies (RCSA).

The *Approval for Construction or Installation of Water and Treatment Works* report for the work is attached.

In order for this project to remain eligible for funding from the DWSRF, the DPH must review post-bid documents and issue a letter of Authorization of Award prior to the Putnam Water Pollution Control Authority awarding any contract. Please complete and submit the attached Authorization to Award Construction Contract Application Checklist to our office, along with the documents listed therein and a paper copy of the final version of the bid specifications.

Nothing contained in this letter shall constitute a commitment by the state to make a project loan to you under the American Recovery and Reinvestment Act of 2009 (ARRA) or the DWSRF program. It is acknowledged that the project appears to meet the Buy American and Davis-Bacon provisions of the ARRA, thus retaining eligibility for those funds.

If you have any questions or wish to discuss the project, please contact Ted Dunn or myself at your convenience.

Sincerely,

Cameron Walden  
Supervising Sanitary Engineer  
Drinking Water Section
