

# Overview Of Alzheimer's Disease Genetics

*Offered by the Connecticut Department of Public Health, Genomics Office in collaboration with the Alzheimer's Association, Connecticut Chapter*

**Friday, November 19, 2010**

**9:00 am - 12:00 pm**

The Lyceum Resource and Conference Center  
227 Lawrence Street  
Hartford, CT 06105

## **Keynote Speaker**

Robert Green, MD, MPH, Boston University School of Medicine  
*Professor of Neurology, Genetics and Epidemiology*  
*Co-Director, Alzheimer's Disease Clinical & Research Program*  
*Associate Director, Clinical Core, Alzheimer's Disease Center*

## **Panel Presentation**

Susan Capasso, EdD, CGC, *Professor, Chair of General Studies, St. Vincent's College*  
Harry E. Morgan, MD, Hartford Hospital, *Center for Geriatric & Family Psychiatry*

alzheimer's  
association®

Dr. Green will present an overview of the genetics of Alzheimer's Disease and findings from the REVEAL Study (Risk Evaluation and Education for Alzheimer's Disease), which is a multi-center project to develop strategies for assessing genetic risk of Alzheimer's Disease. He will also discuss issues in translational genomics and health outcomes research

**Registration:** There is no fee for this seminar, however space is limited and *Registration is Required* by October 29, 2010. To Register or for more information please contact Nancy Leonard at 860.828.2828 or email [Nancy.Leonard@alz.org](mailto:Nancy.Leonard@alz.org)

Alzheimer's Association TrialMatch is a free service that makes it easy for people with Alzheimer's, caregivers, families and physicians to locate clinical trials based on personal criteria (diagnosis, stage of disease) and location. call our Helpline 1-800-356-5502 or visit [www.alz.org/ct](http://www.alz.org/ct)
