

LETTER OF INTENT
FFY 2010 DWSRF TOWN OF HADDAM

Bridge Street Associates
95 Bridge Road
Haddam, CT
PWSID CT 0614043

It is my understanding that the Connecticut Water Company (CTWC) in cooperation with the Town of Haddam is proposing to extend its water main along Bridge Road to provide safe drinking water to the public. When the proposed water main extension project is completed, we intend that our public water system Bridge Street Associated CT0614043 be connected to Connecticut Water Company distribution system. Once our water system is connected to the distribution system of CTWC, we intend to properly abandon the domestic well(s) and disconnect the system components.

LETTER OF CONSIDERATION
FFY 2010 DWSRF TOWN OF HADDAM

The Saybrook at Haddam
1556 Saybrook Road
Haddam CT

PWSID CT 0614031

It is my understanding that the Connecticut Water Company (CTWC) in cooperation with the Town of Haddam is proposing to extend its water main along Saybrook Road and Bridge Road to provide safe drinking water to the public. When the proposed water main extension project is completed, we will consider the benefits of connecting our public water system The Saybrook at Haddam CT0614031 to the Connecticut Water Company distribution system.
