DATE: May 21, 2010

SUBJECT: Housatonic Water Utility Coordinating Committee (WUCC)

You are receiving this memorandum as an important stakeholder in the Housatonic Water Utility Coordinating Committee. The next general meeting of this Committee is scheduled for June 4th, at 12:30 P.M. at the Brookfield Town Hall, Room 133, located at 100 Pocono Road in Brookfield.

Connecticut's WUCC process is a forum to discuss regional and localized water issues with an audience of water professionals and regulatory agencies that can assist in both regional and local drinking water supply solutions. The Department of Public Health encourages the involvement of and the valuable input received from fellow state agencies.

Significant agenda items scheduled to be discussed at this meeting are:

- A request by the West Shore Owners Association to realign the exclusive service area (ESA) of United Water Company to exclude the West Shore Owners Association (WSOA). The property of the proposed WSOA is primarily in Middlebury (outside of the Housatonic WUCC) with a portion containing five homes within Woodbury and the ESA area of United Water Company.
- Request by Triple 3 Builders, LLC and Laurel View Associates, LLC to discuss what options and remedies are available regarding their application for a Certificate of Public Convenience and Necessity. This certificate project is within the exclusive service area of United Water Company and the complainants have alleged that this has resulted in numerous delays, misunderstandings, omissions, negligence, and unwarranted requests at a substantial cost over the last five plus years.
- Discussion of Rules and Procedures Sub-Committee Findings.

The agenda and other information are available on the DPH website: [www.ct.gov/dph/publicdrinkingwater](http://www.ct.gov/dph/publicdrinkingwater).
