Important Information About Your Drinking Water

Monitoring and Reporting Violation

Este informe contiene información importante acerca de su agua potable. Haga que alguien lo traduzca para usted, o hable con alguien que lo entienda.

Date: _____

To the Customers of: _____ PWS ID: _____

Regulations of Connecticut State Agencies (RCSA) Section 19-13-B102 requires that suppliers of public water must conduct or have specific laboratory tests to monitor the water quality of their water supply to insure that it meets with the current drinking water standards. Failure to conduct timely monitoring and/or report results of such monitoring to the State Department of Public Health Drinking Water Section constitutes a violation of the RCSA. As your public water supplier, we must formally notify customers of all monitoring violations, or face additional RCSA violations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. We **did not monitor or test or did not complete all of the monitoring or testing** for the requirement(s) listed below and therefore cannot be sure of the quality of our drinking water during that time.

"

What should I do?

This is not an emergency. If it had been, you would have been notified within 24 hours. There is nothing you need to do. You do not need to boil your water or take other corrective actions. However, if you have specific health concerns, consult your doctor.

What is being done?

We expect to return to compliance or resolve the situation by _____
(date)

If you have any questions please contact _____ by phone at _____ or at the following address _____

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
