Please note that the South Central Water Utility Coordinating Committee (WUCC) has scheduled a meeting for Monday, December 8, 2008 at 1:00 PM. You should seriously consider attending and participating in this meeting along with any of your interested staff. Connecticut's WUCC process is a great forum to discuss regional and localized water issues with an audience of water professionals and regulatory agencies that can assist in both regional and local water supply solutions. It is my hope as we move ahead with significant and meaningful change to Connecticut's WUCC process that we benefit from valuable input from our chief elected officials and local health partners.
