RE: Consultation on Draft Preliminary Water Supply Assessment

In accordance with CGS 25-33g, the Central Connecticut Water Utility Coordinating Committee (WUCC) has prepared a Draft Preliminary Water Supply Assessment ("Preliminary Assessment") for the Central Connecticut Public Water Supply Management Area (PWSMA). CGS 25-33g(a) requires that the WUCC prepare this document in consultation with the Commissioner of Public Health, the Commissioner of Energy and Environmental Protection, the Secretary of the Office of Policy and Management, and the Public Utilities Regulatory Authority. A copy of the draft document is attached.

Please be advised that this document has not yet been approved by the WUCC for public release. At this time, we ask that your agencies begin reviewing this document to provide consultation to the Central WUCC. The next WUCC meeting is scheduled for September 21, 2016, and it is anticipated that the Preliminary Assessment will be approved at that time for release to the public for review and comment.
