

Connecticut Emergency Medical Services Advisory Board
Volunteer Committee

Draft Minutes

Cornwall Vol. F.D. Nov. 9, 2015 introduction to Cornwall V FD/EMS by Skip Kosciusko

Attendance: P. Heavin, S. Kosciusko, W. Minacci, J. Paretzky

Meeting called to order @ 19:10 by Jay.

September minutes approved as posted.

There will be changes to officers of the Advisory Board and Chairs to various committees of the board.

CEMSMAC report was given. The AEMT level will be phased out by 2017 by most of the state hospitals. At this time the only hospital that might try to keep it is Sharon. During the CEMSMAC meeting Region 5 seemed to infer it may work with the few services left with this level of service.

The 5 year EMS plan has been published by the state. It can be found on the OEMS web site. Check the OEMS website for up-dates to many issues.

Local EMS service plan toolkits are being sent out to the municipalities by the state. The local head of the town is to fill them out with the help of the local EMS Chief and send them back. Chiefs should contact their town head to ask if it has arrived and set a meeting to handle it.

Nursing homes are starting to use a red envelope when they send out their patients. It is sealed and is not to be opened by EMS. They will supply a separate set of papers for EMS with patient info. This is not a state program. It is an independent group that has organized this program. There is contact info on the CT EMS website

January 2016 meeting will be held at the State Police training center in Meriden on Monday the 11th.7 PM

Adjourned @ 21:55.

Submitted; Phil Heavin, Sec. 12/2/15
