

LEAD POISONING PREVENTION FUNDING

Krista M. Veneziano

Semi-Annual Meeting 3/10/14

HOW MANY LHDS TOOK THE \$\$

- ◉ 2013-2014
- ◉ 46 LHDS took the funding

WHAT'S GOING TO HAPPEN NEXT?

- ◉ March 2014 “Offer of Funding” will be emailed to Directors of Health to determine how many would like funding for 2014-2015
- ◉ Fax/Email the letter back indicating if they'd like the funding
- ◉ Then we wait to see if a budget passes with Lead Poisoning Prevention Funding in it!

WHAT'S GOING TO HAPPEN NEXT?

- When the budget passes the funding will be allocated by number of cases $\geq 5\mu\text{g/dL}$
 - Towns with no cases will receive a baseline amount ($\approx \$2,500$)
- Directors of Health will be notified on the funding amount by Lynne Tinyszyn via email along with a contract
 - I usually email out the funding amount before Lynne so LHDs can start working on a budget

WHAT'S DUE AND WHEN?

What's due?

- ◉ Complete application
 - Includes proposed activities
 - Budget
- ◉ Final narrative of completed activities
 - Emailed in a word document to Krista
- ◉ Final financial expenditure report
 - With salary detail sheet (if applicable)

When?

- ◉ September 30, 2014 is the due date

WHAT IF IT'S NOT SUBMITTED

- Funding will be forfeited

- CGS 19a-111j

WHEN DOES FUNDING START

- ◉ July 1st
- ◉ Funding can be used for expenses incurred starting July 1...even if you don't have the funding in hand

HOW ARE ALLOCATIONS CALCULATED?

- LHDs that have a DPH loaned XRF receive \$2,500 for maintenance of the XRF
- All local health departments (LHD) receive a baseline of \$2,500
- For each child case of $\geq 5\mu\text{g}/\text{dL}$ the LHD receives \$542.80
- Funding amount equation examples:
 - Glastonbury (baseline + one child case):
 - $\$3,043 = \$2,500 + 542.80$
 - Hartford (1 DPH XRF + baseline + 193 child cases)
 - $\$109,761 = \$2,500 + \$2,500 + \$104,761$
