

READER FEEDBACK REQUEST

Your opinion about this publication will help us to better understand the information needs of people interested in reducing the burden of asthma in Connecticut.

So that we can improve our publications, it is important for us to know things such as:

- What did you like most about this report?
- What did you dislike most and how could it have been improved?
- What information in this report was not needed?
- In future asthma surveillance reports, what information do you think should be included?

Please send your comments and/or questions about this publication,

The Burden of Asthma in Connecticut – 2012 Surveillance Report,

to: DPH.AsthmaProgram@ct.gov

Thank you.
