Addendum) is now posted on the web.	and Unmet Need. See below for details. Populations and Unmet Need. See below for details. This Plan is intended to be a blueprint for health care delivery in Connecticut, serving as a resource guide for health care facilities and services planning. While the 2012 Plan focused on standards, guidelines and methodologies related to Certificate of Need (CON) regulation, this Plan focuses on the unmet health care need of vulnerable and at-risk populations and the alignment of public health and health care initiatives that aim to address these needs.
