## Immunization Program

**PLEASE COPY THIS FOR ALL HEALTH CARE PROVIDERS  
IN YOUR PRACTICE**

**TO: Health Care Providers**

**FROM: Mick Bolduc, Vaccine Coordinator-Connecticut Vaccine Program <sup>MB</sup>**

**DATE: March 25, 2013**

**SUBJECT: Influenza Formulations for 2013-14 Flu Season**

The primary purpose of this communication is to inform you of the influenza formulations the Connecticut Vaccine Program (CVP) will be providing during the 2013-14 flu season.

### **Influenza Formulations**

Once again this flu season the CVP will be providing influenza vaccine for all children 6 through 59 months of age regardless of insurance status as well as vaccine for all VFC-eligible 5-18 year old patients. All vaccine will be preservative-free formulations.

Below is a list of the flu formulations we will be supplying this upcoming influenza season:

Vaccine	Package	Dose	Age	Preservative Free	NDC #	CPT Code
Fluzone (Sanofi)	Single dose Syringe (Trivalent)	0.25 mL	6-35 months	YES	49281-0113-25	90655
Fluzone (Sanofi)	Single dose Syringe (Trivalent)	0.5 mL	3 years and older	YES	49281-0013-50	90656
Fluzone (Sanofi)	Single dose Vial (Trivalent)	0.5 mL	3 years and older	YES	49281-0013-10	90656
Fluarix (GSK)	Single dose Syringe (Quadrivalent)	0.5 mL	3 years and older	YES	58160-0900-52	90686
Fluvirin (Novartis)	Single dose Syringe (Trivalent)	0.5 mL	4 years and older	YES	66521-0116-02	90656
FluMist (MedImmune)	Single dose Sprayer (Quadrivalent)	0.2 mL	2-49 years	YES	66019-0300-10	90672

When influenza vaccine becomes available (probably sometime in August) you will be notified that you can begin placing your flu orders. We will do our best to fill the orders as completely as possible but the majority of influenza vaccine may not be available until September/October.

As always, if you have any questions, please feel free to contact the Connecticut Vaccine Program at (860) 509-7929.
