SUBJECT: Vaccine Ordering Blackout Period

The primary purpose of this communication is to inform you of an upcoming blackout period when vaccine ordering through the CVP will be unavailable.

Vaccine Blackout Period

The Centers for Disease Control & Prevention has informed the CVP of an upcoming vaccine ordering blackout period on Thursday March 31st to transition to a new federal vaccine contract. During this blackout period CVP staff will not have access to VTrckS and will be unable to place any vaccine orders. Providers who place their orders directly into VTrckS will not be able to order during this timeframe as well. CDC anticipates that access to VTrckS will be restored on the morning of Friday April 1st. Please keep this blackout period in mind when placing your upcoming vaccine orders.

As always, if you have any questions, please feel free to contact me at (860) 509-7940.
