Immunization Program

TO: Health Care Providers

FROM: Mick Bolduc 
Vaccine Coordinator-Connecticut Vaccine Program (CVP)

DATE: June 13, 2016

SUBJECT: Vaccine Ordering Blackout Period

The primary purpose of this communication is to inform you of an upcoming blackout period when vaccine ordering through the CVP will be unavailable.

Vaccine Blackout Period

The Centers for Disease Control & Prevention has informed the CVP of an upcoming vaccine ordering blackout period on Thursday June 30th. During this blackout period CVP staff will not have access to VTrckS and will be unable to place any vaccine orders. Providers who place their orders directly into VTrckS will not be able to order on June 30th as well. CDC anticipates that access to VTrckS will be restored on Friday July 1st. With the July 4th holiday occurring on the following Monday providers may want to place an order no later than June 27th to ensure they do not run short of vaccine.

As always, if you have any questions, please feel free to contact me at (860) 509-7940.
