

**PLEASE COPY THIS FOR ALL HEALTH CARE PROVIDERS  
IN YOUR PRACTICE**

**TO: All Users of State Supplied Vaccines**

**FROM: Mick Bolduc-VFC Coordinator**

**DATE: December 20, 2007**

**SUBJECT: Update: Return of Pedvax Hib Vaccine**

The primary purpose of this communication is to notify you on how and where to return recalled doses of Pedvax Hib vaccine.

**Pedvax Hib**

As you know Merck has announced a voluntary recall of certain lots of Pedvax Hib vaccine. We now have information on how to return the specific lot numbers involved in the recall. McKesson will be sending a spreadsheet of all providers in Connecticut who have received the lot numbers involved to Stericycle, a company based in Indianapolis. Stericycle will be mailing a packet of detailed instructions to each provider on how to return the Hib vaccine. That packet should be arriving at individual offices shortly. It is important to note that the vaccine you will be returning to Stericycle does not need to maintain the cold chain.

Thank you for your continued patience and understanding during this recall. If you have any questions, please contact the Immunization Program at (860) 509-7929.
