Title: BEHAVIORAL AND SOCIAL SCIENCE RESEARCH ON UNDERSTANDING AND REDUCING HEALTH DISPARITIES

Description: The purpose of this grant is to encourage behavioral and social science research on the causes and solutions to health and disabilities disparities in the U.S. population. Health disparities between, on the one hand, racial/ethnic populations, lower socioeconomic classes, and rural residents and, on the other hand, the overall U.S. population are major public health concerns. Emphasis is placed on research in and among three broad areas of action: 1) public policy, 2) health care, and 3) disease/disability prevention.
