RE: Advanced Radiology Consultants, LLC PET-CT Replacement
Docket No. 14-91951-DTR

Dear Attorney Hansted,

This office represents Advanced Radiology Consultants, LLC (“Advanced Radiology”). We are in receipt of your October 14, 2014 CON Determination in this matter. In light of OHCA’s findings, Advanced Radiology has decided to move forward with the replacement of both its Trumbull PET and CT scanners with a combined PET-CT scanner, rather than replacing the PET only. This unit-for-unit replacement of imaging equipment, which was the subject of prior CON Determinations (Docket No. 04-30381-DTR & 10-31541-DTR), is exempt from OHCA review under Section 19a-638(b)(18) of the Connecticut General Statutes.

Once the PET-CT scanner is operational and technologists have received adequate training on the new modality, Advanced Radiology will dispose of the existing PET and CT scanners outside of the practice. Advanced Radiology will file the necessary replacement paperwork with OHCA once the upgrade has taken place.

Please feel free to contact me with any questions.

Very truly yours,

Jennifer G. Fusco
