Ms. Kimberly Martone
Director of Operations
State of Connecticut
Office of Health Care Access
410 Capitol Avenue, MS#13HCA
Hartford, CT 06134

Re: Replacement of existing imaging equipment that received a CON or a CON Determination per General Statutes § 19a-638 (b) (18)

Dear Ms. Martone:

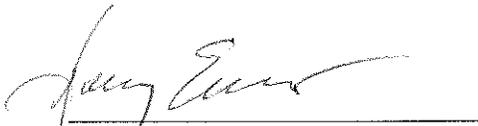

I am writing to inform you, pursuant to § 19a-638 (b) (18) of the general statutes, that Middlesex Hospital has replaced existing imaging equipment that received a CON (Docket #: 98-519).

The mobile 1.5 Tesla MRI (CON Docket#: 98-519) that was servicing Middlesex Hospital in Middletown three days per week has been replaced with a 1.5 Tesla fixed unit. The mobile 1.5 Tesla MRI unit will continue to provide MRI scanning service at the Shoreline Medical Clinic in Essex with the addition of one day for a total of 5 days of operation.

The fixed unit at Middlesex Hospital went into service on October 9, 2012.

Please contact me with any questions at (860) 358-6150.

Sincerely,

Harry Evert
Senior Vice President, Strategic Planning and Operations
