Ms. Kimberly Martone
Director, Operations
Office of Health Care Access
Division of the Department of Public Health
410 Capital Avenue, MS#13 HCA
Hartford, CT 06106

Dear Ms. Martone:

In response to your inquiry, I am writing to inform the Office of Health Care Access that Windham Community Memorial Hospital is currently evaluating a number of possible changes at the Hospital, which may result in the realignment of some clinical services.

I would like to take this opportunity to assure you that, to date, we have made no changes to existing services at the Hospital that require approval from your office, and that we will seek appropriate regulatory approval for changes under consideration that require approval from OHCA.

Windham Community Memorial Hospital is committed to meeting the healthcare needs of populations within the Windham community. Our recently completed Community Health Needs Assessment is on file with your office. We have and will continue to engage stakeholders in the community as we look to better coordinate and manage the healthcare services we offer.

Sincerely,

A handwritten signature in black ink, appearing to read "David A. Whitehead".
