**Part II Declaration of Officer**

6  I authorize the U.S. Treasury and its designated Financial Agent to initiate an Automated Clearing House (ACH) electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of the organization's federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at 1-888-353-4537 no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment.

If a copy of this return is being filed with a state agency(ies) regulating charities as part of the IRS Fed/State program, I certify that I executed the electronic disclosure consent contained within this return allowing disclosure by the IRS of this Form 990/990-EZ/990-PF (as specifically identified in Part I above) to the selected state agency(ies).

Under penalties of perjury, I declare that I am an officer of the above named organization and that I have examined a copy of the organization's 2012 electronic return and accompanying schedules and statements, and to the best of my knowledge and belief, they are true, correct, and complete. I further declare that the amount in Part I above is the amount shown on the copy of the organization's electronic return. I consent to allow my intermediate service provider, transmitter, or electronic return originator (ERO) to send the organization's return to the IRS and to receive from the IRS (a) an acknowledgement of receipt or reason for rejection of the transmission, (b) the reason for any delay in processing the return or refund, and (c) the date of any refund.

Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response to any question in this Part III [X]

1 Briefly describe the organization's mission: The Hospital of Central Connecticut is dedicated to fostering, sustaining and improving the health status of the people in the communities we serve.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? [X] Yes [ ] No

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? [ ] Yes [X] No

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses.

4a (Code: ) (Expenses \$ 32,148,766. including grants of \$ ) (Revenue \$ 71,643,072.) The Inpatient Medical, Surgical, and Intensive Care Service areas served 15,584 with total patient days of 62,993 during FY13. The areas of specialty include stroke services, bariatric care, joint replacement and diabetes.

4b (Code: ) (Expenses \$ 19,596,654. including grants of \$ ) (Revenue \$ 44,130,242.) For Fiscal Year 2013 (FY13), there were approximately 152 full-time employees (FTEs) in the Emergency Department for both Southington and New Britain campuses. Our ER team is committed to delivering quality medical care with high patient safety in a timely, efficient and professional manner while also exceeding the needs of our patients and private physicians.

Trends in Emergency Department Volumes: This year our total patient visits for both campuses combined was over 107,000. This was a decrease of 3,128 patients or 3% from the previous year. The volumes were approximately 88,000 and 19,000 at the New Britain and Southington campuses respectively. We continue to adjust staffing and implement

4c (Code: ) (Expenses \$ 18,881,553. including grants of \$ ) (Revenue \$ 51,042,036.) Radiology derived information is an inextricable component of our patients' care continuum. From screening exams to acute interventional imaging, radiographic technology continued to evolve in 2013. Over 159,000 imaging exams were performed at the New Britain and Southington campuses. Of these, more than 78% were performed on Outpatients. There was a 1.2% overall decline in imaging exams in FY13 versus the prior year's due to the combined economic influences and judicious application of imaging and radiation exposure.

4d Other program services (Describe in Schedule O.) (Expenses \$ 260,611,530. including grants of \$ ) (Revenue \$ 214,571,229.)

4e Total program service expenses 331,238,503.

**Part VI** Supplemental Information

Complete this part to provide the following information.

- 1 **Required descriptions.** Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II; Part III, lines 4, 8, and 9b; Part V, Section A; and Part V, Section B, lines 1j, 3, 4, 5c, 6i, 7, 10, 11, 12h, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22.
- 2 **Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any needs assessments reported in Part V, Section B.
- 3 **Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 **Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 **Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 **State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report.
- 8 **Facility reporting group(s).** If applicable, for each hospital facility in a facility reporting group provide the descriptions required for Part V, Section B, lines 1j, 3, 4, 5c, 6i, 7, 10, 11, 12h, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22.

Part I, Line 3c: The Hospital of Central Connecticut uses Federal Poverty Guidelines to determine eligibility.

Part I, Line 6a: The Organization's community benefit results were included in Hartford Hospital's (a related organization) Community Benefit Report.

Part I, Line 7: The organization utilized an overall cost to charge ratio, (RCC), developed from the Medicare Cost Report. Total expense was adjusted for: medicaid provider taxes, directly identified community benefit expense and community building expenses. This cost to charge ratio was used to calculate costs for Part I lines 7a, b, & g. The costs associated with the activities reported on Part I, Line 7e were captured using actual time multiplied by an average salary rate. The costs associated with Line 7h, were the actual costs reported in the organization's general ledger less any industry funded studies. These costs were removed from the calculations above to avoid duplication. Costs reported in Part III, Section B6, were calculated from the Medicare cost

**Part VI** Supplemental Information

report and reduced for Medicare costs previously reported on Part I Lines 7f and g.

Part I, Line 7g: Physician clinic costs were included in the subsidized Health Services cost calculations.

Part III, Line 4: Please see the text of the footnote that describes bad debt expense beginning on page 17 of the Audited Financial Statement. This note also relates to Part III, Line 2.

Part III, Line 3

In 2012 a pre-bad debt financial assistance screening was put in place to identify patients that may be eligible for financial assistance. Pre-bad debt accounts that are identified as meeting the requirements are adjusted prior to being sent to bad debt. Therefore, any bad debt expense that could have been attributable to charity care at the end of FY 2013 would be immaterial.

Part III, Line 8: Providing for those in need, including Medicare patients and serving all patients regardless of their ability to pay is an essential part of the organization's mission. The hospital serves all patients without regard to any payment shortfall. The organization Medicare Cost Report was used to accumulate actual costs related to Part III, Section B, Line 6.

located in Lancaster, Pennsylvania, to conduct research in support of the CHNA. The CHNA was comprised of both quantitative and qualitative research components. A brief synopsis of the qualitative research components is included below:

THOCC sought community input through Key Informant Interviews with community stakeholders. Public health and health care professionals shared knowledge and expertise about health issues, and leaders and representatives of non-profit and community-based organizations provided insight on the community served by THOCC including medically underserved, low income, and minority populations. Interviews were conducted with key community leaders. In total, 21 people participated, representing a variety of sectors including public health and medical services, non-profit and social organizations, children and youth agencies, and the business community.

A Household Telephone Survey was also conducted with 630 randomly-selected community residents who reside within specific zip codes in Hartford County, CT. The survey was modeled after the Center for Disease Control and Prevention's Behavioral Risk Factor Surveillance System (BRFSS) which assesses health status, health risk behaviors, preventive health practices, and health care access primarily related to chronic disease and injury. Participants were randomly selected for participation based on a statistically valid sampling frame developed by Holleran. The sampling strategy was designed to represent the service area of THOCC.

The Hospital of Central Connecticut:

Part V, Section B, Line 20d: The Hospital of Central Connecticut is in the process of adopting 501(r) Regulations. Once the regulations are final, the Hospital will be in compliance.

**Part VI** Supplemental Information

Part VI, Line 2: The Hospital of Central Connecticut assesses the health care needs of the communities it serves in several manners. HOCC has recently conducted a community needs assessment of the population within its service area in order to ascertain the prevalent health care needs. The assessment identified chronic diseases, defined the population cohorts most at risk and segregated needs based on socioeconomic and mental status. Within these stratifications, HOCC looked to identify the barriers to receiving appropriate care such as lack of transportation, program capacity, mobility issues, mental status, age, and language. The Hospital will be partnering with other community organizations to address some of the most prevalent needs identified. HOCC also analyzed claims based data to understand what medical diagnoses and surgical procedures are attributed to its local population in order to plan for program growth and/or capacity. Another method HOCC employs is through continuous contact and collaboration with local community groups. These groups often identify medical services that are needed in the community that HOCC ought to address.

Part VI, Line 3: The patients are educated about Financial Assistance by the signage and Financial Assistance summary hand out available in the following departments at the hospital, Admitting, Patient Accounts, Emergency Department, Behavioral Health, and Social Services. Financial Assistance education is also provided on the back of the hospital's monthly statement, by our outside vendors, and collection agencies.

Part VI, Line 4: The Hospital of Central Connecticut (HOCC) serves primarily the communities located in greater New Britain and the surrounding towns including Berlin, Plainville and Southington, with some

**Part VI** Supplemental Information

coverage of Bristol, Burlington, Cheshire, Cromwell, Farmington, Meriden, Newington and West Hartford. The total population in HOCC's service area is 441,300 as defined by CERC town profiles for 2010. The most prominent race is Caucasian at about 77% of the total population which has been declining as the Hispanic population has grown to approximately 13% of the total 12 town primary and sub-service areas. Within HOCC's primary service area of Berlin, Plainville, New Britain and Southington, the Hispanic population counts for 19%. The population in HOCC's service area is older than the US and CT as a whole with approximately 16% in the over 65 category in some of the primary towns. The median household income in HOCC's communities varies significantly with 16.4% of NB's population living beneath the federal poverty level compared to 1.1% of Burlington's population.

Part VI, Line 5: The Hospital of Central Connecticut (HOCC) is responsive to the community by having a completely open medical staff and a board of trustees with diverse membership that reflects the community at large.

HOCC is a Disproportionate Share Hospital with one of the highest rates of Medicaid patients in the state. The organization provides space for the Medicare Choices program to help community members select the Medicare programs that are best for them. The organization has a full graduate medical education program for physician training with UCONN, and also provides training for nursing and allied health students, including a specialty echosonographer program. HOCC is a major sponsor of the New Britain Health Academy, a program that exposes local high school students to careers in the healthcare field. Presented in partnership with other

**Part VI** Supplemental Information

community organizations, the Academy offers students an opportunity to learn about the types of jobs available, and facilitates contact with healthcare professionals who can guide program participants.

In FY 2013 HOCC continued to sponsor a community service organization fair where area not-for-profits are invited to the hospital to share with HOCC's community about their mission and purpose. In addition, various hospital staff members and departments support community events on an ongoing basis, as well as frequent monetary and in-kind donations to area organizations in need.

HOCC also participates in the Medical Legal Partnership Program. This program recognizes that there are many issues that may affect children and families seeking health care that are not specifically healthcare problems. These include landlord tenant and housing issues. The program helps healthcare providers direct families to resources that can assist with these issues. Among our outreach services is our Mothers Offering Mothers Support (M.O.M.S.) program, a weekly support program for mothers 21 years old and under. Program leaders are women who were also young mothers and now are helping others. In addition, The Hospital of Central Connecticut has a program in which indigent patients who are being discharged from the hospital who do not have prescription drug coverage receive dosages of their prescribed medications to help them recover and comply with treatment guidelines and to reduce readmission rates.

Part VI, Line 6: The Hospital of Central Connecticut is an subsidiary of Hartford Healthcare Corporation (HHC). HHC strives to provide compassionate care designed to deliver the necessary health services

Part VI Supplemental Information

needed by the community. The Strategic Planning and Community Benefit Committee of the HHC Board of Directors ensures the oversight for these services by each hospital community. In addition, HHC continues to take important steps toward achieving its vision of being 'nationally respected for excellence in patient care and most trusted for personalized, coordinated care'.

HHC affiliation creates a strong integrated health care delivery system with a full continuum of care across a broader geographic area. This allows the small communities easy and expedient access to the more extensive and specialized services the larger hospitals are able to offer. This includes continuing education of health care professionals at all the affiliated institutions through the Center of Education, Simulation and Innovation located at Hartford Hospital, the flagship tertiary medical center of the system hospitals.

The affiliation further enhances the hospitals' abilities to support their missions, identity, and respective community roles. This is achieved through integrated planning and communication to meet the changing needs of the region. This includes responsible decision making and appropriate sharing of services, resources and technologies, as well as cost containment strategies.

Part I, Line 6: The Management Incentive Plan's trigger for payment eligibility is the organization's operating margin. From there, the payout is determined by assessing both organizational and individual performance relative to attainment of goals determined at the beginning of the plan year. The maximum opportunity is up to 12% of base salary. The officers are also eligible for a similar incentive plan for which the trigger is the organization's operating margin, followed by the necessary attainment of organizational goals. This plan has a target payout of 12.5% for vice presidents and physician chiefs and a 15% target payout for the Chief Medical Officer.

medicine and surgery and numerous specialties. Centers of excellence include the Center for Cardiovascular Medicine; Center for Joint Care, Ferdinand Sauer, MD Family BirthPlace, Joslin Diabetes Affiliate, Sleep Disorders Center, and George Bray Cancer Center. The Hospital also operates medical, surgical, pediatric and ob/gyn outpatient clinics; and outpatient diagnostic and laboratory services in New Britain and surrounding towns; and runs various community events and programs.

The Hospital of Central Connecticut at Bradley Memorial, founded in 1938, is an acute care hospital located at 81 Meriden Avenue, Southington, Connecticut. It provides a wide range of inpatient and outpatient services to a geographic area centered on the town of Southington. The Bradley Memorial Campus is licensed for 84 beds.

Both campuses provide a wide array of medical services operating under a single license.

**Form 990, Part III, Line 2, New Program Services:**

HOCC undertook various program enhancements in several categories in order to better meet the needs of our community. They are as follows:

**Clinical Technology**

\* Enhanced its surgical programs by adding a neurosurgeon, bariatric surgeon, and urologist to the medical staff.

Facility Improvements

\* Begun construction of a freestanding Cancer Center in New Britain.

Form 990, Part III, Line 4b, Program Service Accomplishments:

improvements to our work flow processes in order to meet the demands of our increased patient volumes.

Staffing: Physician / MLP Staffing: The physician staff consists of 23 full-time physicians and 6 Physician Assistants for a total of 32 FTEs. All of our physicians are board certified. The group is actively involved in teaching medical students from UCONN as well as PA students from various programs.

RN/ LPN/ Tech/ Support Staffing: Between both campuses, there are approximately 120 FTEs of nurses, technicians, unit secretaries, and support staff. All staff are required to maintain CPI & CPR. RNs are required to maintain TNCC, ENPC, & ACLS.

Quality: The department maintains a robust Continuous Quality Improvement (CQI) program that involves all aspects of departmental and individual practitioner performance. We have an ongoing and expanding emphasis on quality outcomes while simultaneously remaining focused on efficiency, productivity and patient service. The department completed an upgrade to the computerized documentation system for both campuses. We use the Empower ONC ED Information System (EDIS) which not only provides improved provider efficiency over traditional forms of documentation, but also provides numerous built-in features that make the program a key quality improvement tool. These include medication

interaction and allergy alerts and other risk management features, real time patient tracking, automatic abnormal lab value alerts, rapid record access, and facilitating continuity of care with follow up providers. Empower ONC also provides critical feedback to the provider that enhances documentation for coding and billing purposes. Other systems used include Synapse PACS for real-time imaging access and communication with our radiologists, LifeNet for viewing pre-hospital EKG's and early activation of the Cath Lab team for STEMI, and Cerner for access to the HOCC medical record database and lab results. The resulting database is actively utilized for our CQI efforts. One key resource has been the Emergency Medicine Business Intelligence (EMBI) service that uses our own database to create reports and organize our data so that our ED leadership can focus more time on quality improvement in response to our measured performance and less on data processing. We benchmark our performance data whenever possible. Patient satisfaction is also a department priority.

**Patient Satisfaction:** Providing excellence in service and compassionate care is a priority in the HOCC ED. Overall both the New Britain and Southington campuses have compared very favorably over the years to their reference peer groups in Press-Ganey. This year HOCC did see a decrease but was still rated very well by the patients' feedback. Any areas of relative deficiency are being actively addressed.

**Staff Satisfaction: Leadership Development:** The ED at HOCC has been included in a leadership development initiative designed to develop the next generation of leaders and to improve the leadership ability of existing leadership. Quality in leadership is critical to staff

---	--

satisfaction, recruitment, retention, and the overall performance and quality within the organization.

**Efficiency: Left Without Being Seen (LWBS):** Both the New Britain and Southington campuses have been able to achieve extremely low rates of patients leaving without being seen. This has been achieved by keeping waiting times low, a result of many factors. These include employing a quality staff, an administrative commitment to flow at the highest levels, adequate staffing and resources, the computerization of the ED and using the most efficient software systems, ensuring effective interfaces with the numerous other departments who provide service to our ED patients, and continuous monitoring of our performance.

**Time until seen by a Physician/PA and Boarding Time (Time from Admission Decision to Leaving ED):** A challenge common to all Emergency Departments is providing timely care to all patients (by definition unscheduled) across a wide spectrum of acuities. As with optimizing LWBS rates, strong performance in this area requires an interdisciplinary approach. Patients can't enter if rooms are full with patients pending disposition decision and admitted patients. Admitting, nursing, ED providers, secretaries, radiology and lab are the primary departments involved however many other departments and providers need to work in a coordinated fashion to allow timely care to arriving ED patients. Likewise, improvement can only occur with accurate data. A bedside registration process was instituted whereby a patient can routinely be seen by the provider at arrival, rather than the prior serial approach of registration, then nursing, and then finally seeing the provider. Steps have also been taken at the Bradley Memorial campus

to facilitate the admission process and open rooms for new patients to be seen. At the New Britain campus, we have been working closely with the Hospitalist Service to improve the flow of admissions from the ED, a measure that had been becoming increasingly problematic over the years, but we have seen improvement in timeliness of admission orders by the hospitalists.

Provider-Specific (Physician/MLP) Quality: All of the clinicians within the department are dedicated to providing outstanding clinical care to their patients. Our department is widely recognized as a highly desirable practice environment, allowing us to recruit and retain top clinicians. The department demands individual accountability to ensure that performance standards are met. A comprehensive system of performance measurement and continuous feedback allows individual providers to make practice adjustments when necessary.

Form 990, Part III, Line 4d, Other Program Services:

Other routine services such as laboratory, maternity, newborn, psychiatric and pediatric and ancillary services provided to patients.

Expenses \$ 260,611,530. including grants of \$ 0. Revenue \$ 214,571,229.

Form 990, Part VI, Section A, line 6: The Hospital of Central Connecticut is organized as a non-stock not-for-profit entity. Hartford HealthCare Corporation is the sole member.

Form 990, Part VI, Section A, line 7a: The sole member of the organization has the authority to approve/deny members of the governing body.

Form 990, Part VI, Section A, line 7b: The sole member of the organization has the right to review, approve, disapprove and deny significant transactions such as mergers, acquisitions, dissolutions etc.

Form 990, Part VI, Section B, line 11: The Form 990 was prepared by Hartford HealthCare's Tax Department. It was then reviewed by an independent accounting firm. It was then forwarded to the organization's top management including the VP of Finance for review. The final form was forwarded to the entire Board for review. Once the entire review process was completed, the form was signed by the VP of Finance and then filed with the Internal Revenue Service.

Form 990, Part VI, Section B, Line 12c: The hospital's board has adopted the policy of the member, Hartford HealthCare Corporation (HHC). HHC's Conflict of Interest Policy (Policy) requires all covered individuals, including board members and officers, to provide a disclosure of relationships that create or have the appearance of creating a conflict of interest or commitment. The Policy requires updates if changes in circumstances arise during the year that either (a) create a new potential conflict of interest or commitment or (b) change or eliminate a conflict of interest or commitment previously disclosed. Conflict of Interest disclosure statements are maintained by the HHC Office of Compliance, Audit & Privacy (OCAP). All employee disclosures are reviewed by OCAP to determine if there is a potential conflict. Legal counsel will review all cases where the individual has a significant financial interest and these cases are forwarded to the System Executive Compliance Steering Committee. The System Executive Compliance Steering Committee will assess and may recommend 1) the conflict be eliminated, 2) the proposed activity

be prohibited, or 3) a Conflict of Interest management plan be implemented. Results of the survey of board members is reported to the HHC Nominating and Governance Committee for determinations of conflicts and the management of them, where applicable.

Form 990, Part VI, Section B, Line 15: The Independent Executive Compensation Committee (Committee) of the Board of Directors of Hartford HealthCare on behalf of The Hospital of Central Connecticut, hires an outside consultant, Integrated Healthcare Strategies, to determine best practices in governing executive compensation.

The following steps were taken:

- Independent Executive Compensation Committee (Committee) of the Board of Directors of Hartford HealthCare, on behalf of Hartford Hospital, established and regularly reviews Executive Compensation Philosophy
- Committee regularly reviews scope and depth of positions taking into account complexity and the financial impact and accountability of all "disqualified persons"
- National peer groups are selected for comparative purposes based on organizational size, operating revenue, geography and other relevant factors
- Analysis of current total compensation versus market performed by independent third party compensation consulting firm, reviewed by the committee
- Recommendations made based on data analysis to ensure appropriate competitive positioning within parameters of compensation philosophy
- CEO compensation determined by Committee based on comparative market information and organizational performance
