Troop "K" received a call from the property manager of the Country Place Apartment Community on Chestnut Hill Rd. in the Town of Colchester reporting that person(s) had entered the management building through a window. Responding Troopers and Colchester Police Officers took up positions around the perimeter of the building. A juvenile male was observed within the building through a rear window. The male then attempted to exit the rear door of the building with a knife in hand. As he came through the door the knife was shoulder height and pointed at the responding officers. State and local police were able to take the male into custody without further incident. A short time later, while a K-9 search of the building was underway, the female accused surrendered to officers. Both parties were arrested and transported to Troop "K" in Colchester for processing.
