

ARRA 2009 - Port Security Grant Program

Port Area: Long Island Sound

State: Connecticut

Applicant Organization: Department of Public Safety

Investment Name: CSP Dive Team IED Enhancement

Investment Amount: \$ 420,000

D.	<p>Equipment. List non-expendable items that are to be purchased. Non-expendable equipment is tangible property having a useful life of more than one year. (Note: Organization's own capitalization policy and threshold amount for classification of equipment may be used). Expendable items should be included either in the "Supplies" category or in the "Other" category. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the "Contractual" category. Explain how the equipment is necessary for the success of the project. Attach a narrative describing the procurement method to be used.</p>				
Item #	Item	Qty	Cost Per Item	Total Cost	Item Justification
1	Portable EOD Robots	3	\$140,000	\$420,000	The three (3) man portable IED robots will be deployed to the three Ports in CT as well as within the State's ferry system. The robots are small enough for one person to lift while retaining its capabilities to render safe an IED or remove it to a safe location. These items will be stored within dive team vehicles to allow for a quick deployment to the three major ports within Long Island Soun
Equipment Category Total				\$420,000	
<p>Procurement Procedures: The Emergency Service Unit will collaborate with the DPS Purchasing Unit and CT Department of Administrative Services to identify specifications, utilize existing contracts when possible and issue bid proposals and award contracts when needed. This procurement process will comply with all of the State of Connecticut procurement policies and procedures.</p>
