VI. REGISTERED CONSULTANTS

Should the Consultant require the services of registered consultants at any time during the duration of this contract, their names and qualifications shall be submitted to the State for approval. Such consultants shall provide evidence of their competence by affixing their seals on any drawings or specifications prepared by them or under their supervision. The Consultant shall not receive any additional payment from the State in regard to such consultants unless their services relate to hourly-rate assigned work of the Consultant. In such event, the State shall reimburse the Consultant for the cost of such services and in addition shall also pay the Consultant ten percent (10%) of such cost, or such other percentage deemed reasonable by the Commissioner, for overhead and profit.

VII. TECHNICAL SERVICES

The Consultant's selection of the consultant retained in connection therewith is to be submitted for approval. XI. SUSPENSION OF THE WORK

1. The State, at any time, may suspend all or any part of the services of the Consultant. In such event, the Consultant shall be given three (3) days' notice of such suspension in writing by registered or certified mail to the Consultant's address as given for correspondence purposes. The mailing of such notice shall preclude any claim on the part of the Consultant as to failure to receive notice of such suspension.
2. In the event of suspension by the State as noted above, the Consultant shall be entitled to such compensation as the Commissioner shall deem reasonable.
3. Should the State reactivate any assigned work covered by this contract, in whole or in part, within one year from the time the work was suspended, any fees paid to the Consultant pursuant to this contract shall be applied as payment on the fees for the work as set forth in this contract at the time of reactivation. Should reactivation occur after a period of suspension exceeding one (1) year, the Consultant and the State may renegotiate the fees for the work based on current conditions or either may unilaterally elect to terminate the remaining work.
4. In the event the State decides to suspend any work under this contract, the State shall become entitled, after payment of outstanding fees, to all finished and unfinished documents prepared pursuant to this contract.
5. If the Consultant should be unwilling or unable to perform the services required by this contract at the time the State desires to reactivate the work after a period of suspension, then all finished or unfinished documents prepared pursuant to this contract shall become the property of the State and the State shall have the right to immediate possession and use thereof.

The notice of termination shall be sent by registered or certified mail to the Consultant's address as furnished to the State for purposes of correspondence, or by hand delivery. Upon receipt of such notice, the Consultant shall both immediately discontinue all services affected (unless the notice directs otherwise) and deliver to the State all data, drawings, specifications, reports, estimates, summaries, and such other information and materials as may have been accumulated by the Consultant in performing its duties under this contract, whether completed or in progress. All such documents, information, and materials shall become the property of the State.
2. If the termination is for the convenience of the State, the Consultant shall be entitled to receive reasonable compensation for services already satisfactorily performed and accepted, but no amount shall be allowed for anticipated profit on unperformed services. The Commissioner shall determine the amount of such compensation.
3. If the termination is for reason of failure of the Consultant to fulfill her/his/its contract obligations, the State may take over the work and prosecute the same to completion by contract or otherwise. In such event, the Consultant shall be liable to the State for any additional costs occasioned to the State thereby.
4. If after notice of termination for failure of the Consultant to fulfill her/his/its contract obligations it is determined that the Consultant had not so failed, the termination shall be deemed to have been effected for the convenience of the State. Exhibit A

SEXUAL HARASSMENT POLICY STATEMENT

All personnel of the Department of Public Works have the responsibility for maintaining high standards of honesty, integrity, impartiality and conduct to assure proper performance and maintenance of public trust. Sexual harassment violates these standards, especially with regards to principles of equal opportunity, and specific acts of such misconduct will result in the severest of disciplinary action that can be taken.

Acts of sexual harassment are illegal and prohibited by the Civil Rights Act, Title VII as amended and Connecticut General Statutes 46a-60 as a discriminatory practice.

As the Commissioner of the Department of Public Works, I will under no circumstances tolerate any incidents of this type of behavior. Specifically, any supervisors, who use implicit or explicit sexual behavior to control, influence, or affect the career, pay or job of an employee is engaging in sexual harassment. Similarly, any employee who makes deliberate or repeated offensive verbal comments, gestures, or physical contact of a sexual nature in the work environment is also engaging in sexual harassment.

Sexual harassment can include verbal abuse such as sexual insults, lewd or suggestive comments, or unwelcome jokes of a sexual nature. Sexually suggestive objects or sexually explicit posters, calendars, photographs, cartoons, drawings or other explicit materials are inappropriate in a state workplace and can contribute to creating a hostile or offensive work environment.

Individuals who are sexually harassed by supervisors, co-workers, or peers should make it clear that such behavior is offensive. Individuals can file a sexual harassment complaint to the appropriate source(s) for investigation of the matter, so that action can be taken to ensure a work environment free of sexual harassment.

Sexual harassment is totally unacceptable conduct; it undermines the integrity of the employment relationship, debilitates morale, and interferes with the work productivity of the organization.

I shall expect every manager and supervisor to ensure that any instance of sexual harassment is dealt with swiftly, fairly, and effectively. All substantiated complaints will result in the strongest disciplinary action available to the Department.

SEXUAL HARASSMENT NARRATIVE

Sexual harassment is a particular type of sex discrimination. Like all sexual discrimination, it is illegal. It violates high standards of honesty, integrity, impartiality and conduct required of all sections of the Department of Public Works. It also interferes with and impedes work productivity.

Sexual harassment is defined as "any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
2. Submission to or rejection of such conduct by any individual is used as the basis for employment decisions affecting such individual; or
3. Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment."

You may file a complaint with your supervisor, the Human Resources Office at (860) 713-5304 or Johnette Tolliver, the agency's designated Equal Employment Opportunity Specialist at (860) 713-5394.

**NOTICE TO EXECUTIVE BRANCH STATE CONTRACTORS AND PROSPECTIVE STATE CONTRACTORS OF
CAMPAIGN CONTRIBUTION AND SOLICITATION BAN**

This notice is provided under the authority of Connecticut General Statutes 9-612(g)(2), as amended by P.A. 07-1, and is for the purpose of informing state contractors and prospective state contractors of the following law (italicized words are defined below):

Campaign Contribution and Solicitation Ban

No *state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor*, with regard to a *state contract or state contract solicitation* with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or *solicit* contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

Duty to Inform

State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

Penalties for Violations

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties—\$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of \$2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or \$5000 in fines, or both.

Contract Consequences

Contributions made or solicited in violation of the above prohibitions may result, in the case of a state contractor, in the contract being voided.

Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

This contract is entered into this 24th day of March, 2010, by and between

Navigant Consulting, Inc.

140 Sherman Street

hereinafter called the "Consultant" or "contractor," and the State of Connecticut, hereinafter called the "State," acting herein by its Commissioner of the Department of Public Works (DPW), under the provisions of Sections 4-8 and 4b-1 of the Connecticut General Statutes, as revised.

In consideration of the mutual covenants hereinafter set forth, the parties hereto do hereby agree as follows:

I. CONSULTANT RELATIONSHIP

The Consultant shall act as the State's agent and covenants and agrees to perform all its services in accordance with the standards and practices of its profession. The Consultant shall not have any conflicts of interest. The Consultant shall be held to the highest standard of conduct in the performance of its duties, and must conduct itself so as to avoid even the appearance of any impropriety. The Consultant is prohibited from accepting gratuities of any kind from any persons seeking work associated with this contract. The Consultant shall staff the project with experienced and competent staff. It is understood that if the Consultant requires additional staff to fulfill its obligations under this contract it shall provide such additional staff at no additional cost to the State.

The Consultant shall furnish personnel to do work when directed as hereinafter provided. The Consultant agrees to follow the applicable provisions set forth in the manual entitled "Consultants Procedure Manual" dated October 2008, and prepared by the State of Connecticut, Department of Public Works, given to the Consultant prior to the contract signing and which may be modified from time to time.

The Consultant covenants and agrees to perform the services called for under this contract in accordance with the standards and practices of the Consultant's profession.

II. DUTIES AND SERVICES

The Consultant shall perform for the benefit of State departments and agencies any or all of the following services when directed in writing by the DPW. Should the Consultant develop charts, reports, schedules or other materials under this contract, the Consultant shall use software and/or media compatible with DPW systems and equipment as determined by the DPW.

1. COST ESTIMATING SERVICES:

1.1 Assist in the proper completion of the DPW Supplement to the Office of Policy and Management's (OPM) B-100 form for any proposed project, which completed form includes the description of the scope of work of the project.

1.2 Perform detailed cost reviews of construction contract documents prepared by others for projects in the investigative, design, and/or construction phases. Where previous cost estimates exist, the Consultant shall utilize a compatible format acceptable to the DPW. Upon request, furnish recommendations for proposed value engineering or other appropriate alternatives necessary to maintain project budgets.

1.3 Review and provide recommendations relative to documents submitted by or through the general contractor during construction, including, but not limited to, construction bids, schedule of values, and change order proposals.

1.4 Utilizing state-of-the-art costing techniques and technologies, perform inspections of State owned and/or leased buildings and structures, and provide written reports of existing conditions and anticipated issues that could impact construction cost.

1.5 Accurately budget State infrastructure work required for State buildings (or other buildings under the care and control of the DPW or various other custodial State agencies), including continuing building deterioration factors and inflationary cost factors for deferred maintenance. Estimate the work necessary to maintain necessary, on-going occupant operations in the interim between project initiation and forecasted construction.

1.6 Provide services in support of work performed by the DPW Project Managers, DPW Technical Support Services Unit and/or DPW Facilities Management.

1.7 Provide cost estimating assistance in the development of master plans.

1.8 Perform any other specific tasks that may be assigned consistent with the scope of this contract.

2. SCHEDULE MANAGEMENT SERVICES:

2.1 Assist the DPW in the formulation and/or review of documents representing the timing and sequencing of State construction and maintenance work, current and future, optimizing existing resources and expediting project completion. Utilize a horizontal bar chart (gantt) or Critical Path Method (CPM) software as directed. Review and update schedule logic in response to changed conditions. The DPW shall determine the frequency of such review and, as appropriate, the software to be used. In the case where previous schedules exist, the Consultant shall utilize a compatible format as accepted by the DPW.

2.2 Provide detailed reviews of construction contract documents for projects in various stages of development. Perform site inspections, review project correspondence, and furnish reports of existing conditions and projected issues that may impact construction scheduling. Include recommendations regarding alternate schedules and the corresponding impacts on cost, time, and essential client agency operations.

2.3 Assist the DPW in the evaluation of construction schedules, both proposed and those in effect. During construction, periodically measure and record construction progress, updating the project schedule accordingly. Attend project meetings as appropriate or as determined by the DPW. Review all written communications between project parties and evaluate the schedule impacts of current practices. Recommend alternative courses of action for all matters that potentially increase the contract time. Evaluate the construction contractor's request for time extensions and furnish written recommendations. Provide support to the DPW in connection with construction claims and dispute resolution proceedings.

2.4 Support in-house work performed by the DPW and function as a resource for the DPW's client agencies and other consultants under contract to the State.

2.5 Assess and schedule deferred state infrastructure maintenance required for State buildings or other buildings under the care and control of the DPW or various other state agencies.

2.6 Assist in the development of facilities master plans.

2.7 Perform any other specific tasks as assigned consistent with the scope of this contract.

III. TASK LETTERS

The services specified in Article II shall be performed in accordance with the provisions noted in each task letter prepared by DPW for each project. Each task letter shall detail the scope of the project and shall specify the total fixed-fee compensation, when applicable, for the aforesaid services. The compensation shall be a reasonable amount determined by the Commissioner. Such letters shall be issued during the time period of this contract set forth in Article IV and shall specify a time frame for completion of each project. Each task letter shall reference both a DPW project number and a task number specific to the project. No work shall be performed until the Consultant receives the approved task letter.

IV. CONTRACT DURATION

This contract shall commence with the date this contract was entered into and shall expire on **December 15, 2011**. No new projects may be assigned on or after the expiration date, but all projects assigned prior to the

expiration date will be allowed to continue to completion with all the terms and conditions of this contract herein set forth remaining in full force and effect. The term of this contract may be extended in writing by the Commissioner.

V. CONTRACT FEE

The maximum total cumulative fee allowed the Consultant under this contract shall not exceed Three Hundred Thousand Dollars (\$300,000.00). The Consultant shall be entitled to a payment of Ten Dollars (\$10.00) at the termination of this contract if at such time the Consultant had not received any fee under this contract. When approximately 75% of the fee set forth in this section has been expended, the Consultant shall notify the DPW Project Manager in writing of the amount of work completed to that date under this contract. Said notification shall include an itemization of all fees that have been paid to the Consultant pursuant to the work. The Consultant shall not be reimbursed for per diem expenses or travel expenses.

If for reasons of incomplete scope, complexity, etc., a fixed fee for a task letter cannot be determined by the Commissioner, the State shall compensate the Consultant for services rendered under this contract on the basis of pre-approved hourly rates for the personnel assigned to perform the services. The hourly rates are stated in Exhibit A, which is attached hereto and made a part hereof, and are in accordance with the provisions set forth in the Office of Policy and Management General Letter No. 97-1 dated November 21, 1996, which letter is incorporated herein by reference and made a part hereof as though fully set forth herein. Notwithstanding the preceding sentence, a pre-approved hourly rate shall not exceed a reasonable rate, as determined by the Commissioner, taking into consideration the skills and experience of the person providing the services. Hourly rate payments shall be made in accordance with the terms and conditions of each task letter. Monthly requests for payment shall be submitted on properly prepared invoice forms with attachments showing actual hours worked, pre-approved hourly rates applied, and any allowable additional direct costs included in the statement. The Consultant shall certify that each amount invoiced is both accurate and commensurate with the work performed for the State under this contract.

The State reserves the right to periodically audit the Consultant's financial records. It is specifically understood that the pre-approved hourly rate payments shall only apply for the period of time that the person is gainfully employed on projects assigned under this contract.

VI. REGISTERED CONSULTANTS

Should the Consultant require the services of registered consultants at any time during the duration of this contract, their names and qualifications shall be submitted to the State for approval. Such consultants shall provide evidence of their competence by affixing their seals on any drawings or specifications prepared by them or under their supervision. The Consultant shall not receive any additional payment from the State in regard to such consultants unless their services relate to hourly-rate assigned work of the Consultant. In such event, the State shall reimburse the Consultant for the cost of such services and in addition shall also pay the Consultant ten percent (10%) of such cost, or such other percentage deemed reasonable by the Commissioner, for overhead and profit.

VII. TECHNICAL SERVICES

If, in the opinion of the State, any special technical service is required which is not usually furnished by the Consultant and which is not included in this contract, either expressed or implied by the nature of the work, then the State shall, in writing, authorize the service and the related cost. The Consultant's selection of the consultant retained in connection therewith is to be submitted for approval. The State shall reimburse the Consultant for the cost of any such services and in addition shall also pay the Consultant ten percent (10%) of such cost, or such other percentage deemed reasonable by the Commissioner, for overhead and profit.

VIII. OWNERSHIP OF WORK PRODUCT

It is mutually agreed and understood that all finished and unfinished documentation prepared pursuant to this contract shall become the exclusive property of the State, and that the State shall have the right to immediate possession and use thereof. All reports, findings, and recommendations may be incorporated into subsequent documents produced by the Consultant or any other consultant firm in connection with the project. The provisions of this section shall survive the termination of this contract and shall thereafter remain in full force and effect.

IX. INDEMNIFICATION

The Consultant, at its expense, shall indemnify and hold harmless the State of Connecticut, its officers, agents, and employees from and against all claims, causes of action, legal proceedings, suits, losses, damages, and expenses initiated, suffered, or claimed to have been suffered by third parties not involved by contract in the project, but only to the extent that they arise out of, or result from, noncompliance with applicable statutes, codes and regulations, or the negligence, errors, or omissions of the Consultant in the performance of this contract; provided, however, that the Consultant shall not be liable by reason of indemnification for any loss caused by the fault or negligence of the DPW or others who are not the responsibility of the Consultant.

X. SUSPENSION OF THE WORK

1. The State, at any time, may suspend all or any part of the services of the Consultant. In such event, the Consultant shall be given three (3) days' notice of such suspension in writing by registered or certified mail to the Consultant's address as given for correspondence purposes. The mailing of such notice shall preclude any claim on the part of the Consultant as to failure to receive notice of such suspension.
2. In the event of suspension by the State as noted above, the Consultant shall be entitled to such compensation as the Commissioner shall deem reasonable.
3. Should the State reactivate any assigned work covered by this contract, in whole or in part, within one year from the time the work was suspended, any fees paid to the Consultant pursuant to this contract shall be applied as payment on the fees for the work as set forth in this contract at the time of reactivation. Should reactivation occur after a period of suspension exceeding one (1) year, the Consultant and the State may renegotiate the fees for the work based on current conditions or either may unilaterally elect to terminate the remaining work.
4. In the event the State decides to suspend any work under this contract, the State shall become entitled, after payment of outstanding fees, to all finished and unfinished documents prepared pursuant to this contract.
5. If the Consultant should be unwilling or unable to perform the services required by this contract at the time the State desires to reactivate the work after a period of suspension, then all finished or unfinished documents prepared pursuant to this contract shall become the property of the State and the State shall have the right to immediate possession and use thereof.

XI. TERMINATION OF CONTRACT

1. Notwithstanding any provisions or language in this contract to the contrary, the Commissioner may terminate the contract whenever he determines in his sole discretion that such termination is in the best interest of the State. Any such termination shall be effected by delivery to the Consultant of a written notice of termination. The notice of termination shall be sent by registered or certified mail to the Consultant's address as furnished to the State for purposes of correspondence, or by hand delivery. Upon receipt of such notice, the Consultant shall both immediately discontinue all services affected (unless the notice directs otherwise) and deliver to the State all data, drawings, specifications, reports, estimates, summaries, and such other information and materials as may have been accumulated by the Consultant in performing its duties under this contract, whether completed or in progress. All such documents, information, and materials shall become the property of the State.
2. If the termination is for the convenience of the State, the Consultant shall be entitled to receive reasonable compensation for services already satisfactorily performed and accepted, but no amount shall be allowed for anticipated profit on unperformed services. The Commissioner shall determine the amount of such compensation.
3. If the termination is for reason of failure of the Consultant to fulfill her/his/its contract obligations, the State may take over the work and prosecute the same to completion by contract or otherwise. In such event, the Consultant shall be liable to the State for any additional costs occasioned to the State thereby.
4. If after notice of termination for failure of the Consultant to fulfill her/his/its contract obligations it is determined that the Consultant had not so failed, the termination shall be deemed to have been effected for the convenience of the State. In such event, the Consultant shall be entitled to reasonable compensation as provided in Paragraph 2 of this section.

5. The rights and remedies of the parties provided in this section are in addition to any other rights and remedies provided by law or under this contract.

XII. SUCCESSORS AND ASSIGNS

If the Consultant is a sole proprietor and the Consultant should die during the term of this contract, this contract shall be considered terminated. In the event of such termination, the Consultant's estate shall be entitled to a reasonable payment for any uncompensated work performed to the date of death, and the State shall have title to, and shall have the right to immediate use and possession of, all finished and unfinished documents prepared under this contract. The Commissioner shall determine the amount of such payment. The Consultant shall not assign, sublet, or transfer any rights under or interest in this contract without the written consent of the State. No assignment will release or discharge the Consultant from any duty or responsibility under this contract. The Consultant shall be responsible to the State for acts and omissions of its own employees and any of its service providers hereinbefore mentioned and their employees.

The contractor further agrees to take affirmative action to insure that applicants with job-related qualifications are employed and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, mental disability or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved; (2) the contractor agrees, in all solicitations or advertisements for employees placed by or on behalf of the contractor, to state that it is an "affirmative action-equal opportunity employer" in accordance with regulations adopted by the commission; (3) the contractor agrees to provide each labor union or representative of workers with which such contractor has a collective bargaining agreement or other contract or understanding and each vendor with which such contractor has a contract or understanding, a notice to be provided by the commission advising the labor union or workers' representative of the contractor's commitments under this section, and to post copies of the notice in conspicuous places available to employees and applicants for employment; (4) the contractor agrees to comply with each provision of this section and sections 46a-68e and 46a-68f and with each regulation or relevant order issued by said commission pursuant to sections 46a-56, 46a-

Exhibit A

SEXUAL HARASSMENT POLICY STATEMENT

All personnel of the Department of Public Works have the responsibility for maintaining high standards of honesty, integrity, impartiality and conduct to assure proper performance and maintenance of public trust. Sexual harassment violates these standards, especially with regards to principles of equal opportunity, and specific acts of such misconduct will result in the severest of disciplinary action that can be taken.

Acts of sexual harassment are illegal and prohibited by the Civil Rights Act, Title VII as amended and Connecticut General Statutes 46a-60 as a discriminatory practice.

As the Commissioner of the Department of Public Works, I will under no circumstances tolerate any incidents of this type of behavior. Specifically, any supervisors, who use implicit or explicit sexual behavior to control, influence, or affect the career, pay or job of an employee is engaging in sexual harassment. Similarly, any employee who makes deliberate or repeated offensive verbal comments, gestures, or physical contact of a sexual nature in the work environment is also engaging in sexual harassment.

Sexual harassment can include verbal abuse such as sexual insults, lewd or suggestive comments, or unwelcome jokes of a sexual nature. Sexually suggestive objects or sexually explicit posters, calendars, photographs, cartoons, drawings or other explicit materials are inappropriate in a state workplace and can contribute to creating a hostile or offensive work environment.

Individuals who are sexually harassed by supervisors, co-workers, or peers should make it clear that such behavior is offensive. Individuals can file a sexual harassment complaint to the appropriate source(s) for investigation of the matter, so that action can be taken to ensure a work environment free of sexual harassment.

Sexual harassment is totally unacceptable conduct; it undermines the integrity of the employment relationship, debilitates morale, and interferes with the work productivity of the organization.

I shall expect every manager and supervisor to ensure that any instance of sexual harassment is dealt with swiftly, fairly, and effectively. All substantiated complaints will result in the strongest disciplinary action available to the Department.

SEXUAL HARASSMENT NARRATIVE

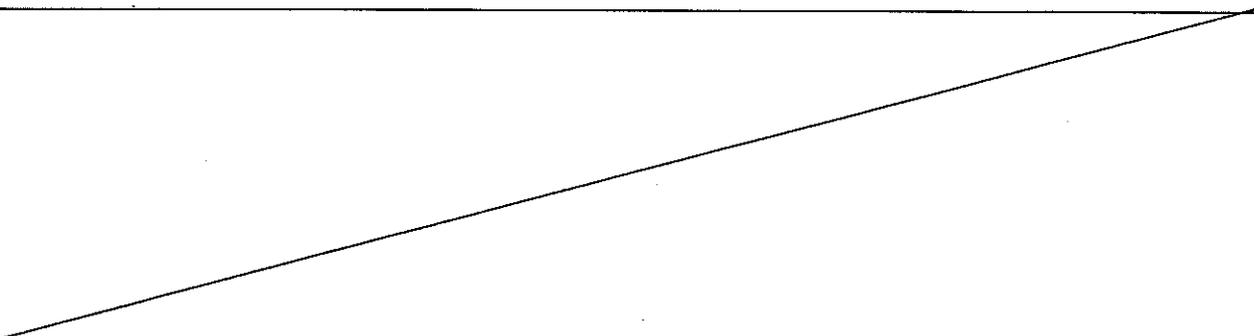

Sexual harassment is a particular type of sex discrimination. Like all sexual discrimination, it is illegal. It violates high standards of honesty, integrity, impartiality and conduct required of all sections of the Department of Public Works. It also interferes with and impedes work productivity.

Sexual harassment is defined as "any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
2. Submission to or rejection of such conduct by any individual is used as the basis for employment decisions affecting such individual; or
3. Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment."

You may file a complaint with your supervisor, the Human Resources Office at (860) 713-5304 or Johnette Tolliver, the agency's designated Equal Employment Opportunity Specialist at (860) 713-5394.

Signed by Commissioner Raeanne V. Curtis on May 30, 2008.

**NOTICE TO EXECUTIVE BRANCH STATE CONTRACTORS AND PROSPECTIVE STATE CONTRACTORS OF
CAMPAIGN CONTRIBUTION AND SOLICITATION BAN**

This notice is provided under the authority of Connecticut General Statutes 9-612(g)(2), as amended by P.A. 07-1, and is for the purpose of informing state contractors and prospective state contractors of the following law (italicized words are defined below):

Campaign Contribution and Solicitation Ban

No *state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor*, with regard to a *state contract* or *state contract solicitation* with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or *solicit* contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

Duty to Inform

State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

Penalties for Violations

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties—\$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of \$2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or \$5000 in fines, or both.

Contract Consequences

Contributions made or solicited in violation of the above prohibitions may result, in the case of a state contractor, in the contract being voided.

Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

III. TASK LETTERS

The services specified in Article II shall be performed in accordance with the provisions noted in each task letter prepared by DPW for each project. Each task letter shall detail the scope of the project and shall specify the total fixed-fee compensation, when applicable, for the aforesaid services. The compensation shall be a reasonable amount determined by the Commissioner. Such letters shall be issued during the time period of this contract set forth in Article IV and shall specify a time frame for completion of each project. Each task letter shall reference both a DPW project number and a task number specific to the project. No work shall be performed until the Consultant receives the approved task letter.

IV. CONTRACT DURATION

This contract shall commence with the date this contract was entered into and shall expire on December 15, 2011. No new projects may be assigned on or after the expiration date, but all projects assigned prior to the

expiration date will be allowed to continue to completion with all the terms and conditions of this contract herein set forth remaining in full force and effect. The term of this contract may be extended in writing by the Commissioner.

V. CONTRACT FEE

The maximum total cumulative fee allowed the Consultant under this contract shall not exceed Three Hundred Thousand Dollars (\$300,000.00). The Consultant shall be entitled to a payment of Ten Dollars (\$10.00) at the termination of this contract if at such time the Consultant had not received any fee under this contract. When approximately 75% of the fee set forth in this section has been expended, the Consultant shall notify the DPW Project Manager in writing of the amount of work completed to that date under this contract. Said notification shall include an itemization of all fees that have been paid to the Consultant pursuant to the work. The Consultant shall not be reimbursed for per diem expenses or travel expenses.

If for reasons of incomplete scope, complexity, etc., a fixed fee for a task letter cannot be determined by the Commissioner, the State shall compensate the Consultant for services rendered under this contract on the basis of pre-approved hourly rates for the personnel assigned to perform the services. The hourly rates are stated in Exhibit A, which is attached hereto and made a part hereof, and are in accordance with the provisions set forth in the Office of Policy and Management General Letter No. 97-1 dated November 21, 1996, which letter is incorporated herein by reference and made a part hereof as though fully set forth herein. Notwithstanding the preceding sentence, a pre-approved hourly rate shall not exceed a reasonable rate, as determined by the Commissioner, taking into consideration the skills and experience of the person providing the services. Hourly rate payments shall be made in accordance with the terms and conditions of each task letter. Monthly requests for payment shall be submitted on properly prepared invoice forms with attachments showing actual hours worked, pre-approved hourly rates applied, and any allowable additional direct costs included in the statement. The Consultant shall certify that each amount invoiced is both accurate and commensurate with the work performed for the State under this contract.

The State reserves the right to periodically audit the Consultant's financial records. It is specifically understood that the pre-approved hourly rate payments shall only apply for the period of time that the person is gainfully employed on projects assigned under this contract.

VI. REGISTERED CONSULTANTS

Should the Consultant require the services of registered consultants at any time during the duration of this contract, their names and qualifications shall be submitted to the State for approval. Such consultants shall provide evidence of their competence by affixing their seals on any drawings or specifications prepared by them or under their supervision. The Consultant shall not receive any additional payment from the State in regard to such consultants unless their services relate to hourly-rate assigned work of the Consultant. In such event, the State shall reimburse the Consultant for the cost of such services and in addition shall also pay the Consultant ten percent (10%) of such cost, or such other percentage deemed reasonable by the Commissioner, for overhead and profit.

VII. TECHNICAL SERVICES

If, in the opinion of the State, any special technical service is required which is not usually furnished by the Consultant and which is not included in this contract, either expressed or implied by the nature of the work, then the State shall, in writing, authorize the service and the related cost. The Consultant's selection of the consultant retained in connection therewith is to be submitted for approval. The State shall reimburse the Consultant for the cost of any such services and in addition shall also pay the Consultant ten percent (10%) of such cost, or such other percentage deemed reasonable by the Commissioner, for overhead and profit.

VIII. OWNERSHIP OF WORK PRODUCT

It is mutually agreed and understood that all finished and unfinished documentation prepared pursuant to this contract shall become the exclusive property of the State, and that the State shall have the right to immediate possession and use thereof. All reports, findings, and recommendations may be incorporated into subsequent documents produced by the Consultant or any other consultant firm in connection with the project. The provisions of this section shall survive the termination of this contract and shall thereafter remain in full force and effect.

IX. INDEMNIFICATION

The Consultant, at its expense, shall indemnify and hold harmless the State of Connecticut, its officers, agents, and employees from and against all claims, causes of action, legal proceedings, suits, losses, damages, and expenses initiated, suffered, or claimed to have been suffered by third parties not involved by contract in the project, but only to the extent that they arise out of, or result from, noncompliance with applicable statutes, codes and regulations, or the negligence, errors, or omissions of the Consultant in the performance of this contract; provided, however, that the Consultant shall not be liable by reason of indemnification for any loss caused by the fault or negligence of the DPW or others who are not the responsibility of the Consultant.

X. SUSPENSION OF THE WORK

1. The State, at any time, may suspend all or any part of the services of the Consultant. In such event, the Consultant shall be given three (3) days' notice of such suspension in writing by registered or certified mail to the Consultant's address as given for correspondence purposes. The mailing of such notice shall preclude any claim on the part of the Consultant as to failure to receive notice of such suspension.
2. In the event of suspension by the State as noted above, the Consultant shall be entitled to such compensation as the Commissioner shall deem reasonable.
3. Should the State reactivate any assigned work covered by this contract, in whole or in part, within one year from the time the work was suspended, any fees paid to the Consultant pursuant to this contract shall be applied as payment on the fees for the work as set forth in this contract at the time of reactivation. Should reactivation occur after a period of suspension exceeding one (1) year, the Consultant and the State may renegotiate the fees for the work based on current conditions or either may unilaterally elect to terminate the remaining work.
4. In the event the State decides to suspend any work under this contract, the State shall become entitled, after payment of outstanding fees, to all finished and unfinished documents prepared pursuant to this contract.
5. If the Consultant should be unwilling or unable to perform the services required by this contract at the time the State desires to reactivate the work after a period of suspension, then all finished or unfinished documents prepared pursuant to this contract shall become the property of the State and the State shall have the right to immediate possession and use thereof.

XI. TERMINATION OF CONTRACT

1. Notwithstanding any provisions or language in this contract to the contrary, the Commissioner may terminate the contract whenever he determines in his sole discretion that such termination is in the best interest of the State. Any such termination shall be effected by delivery to the Consultant of a written notice of termination. The notice of termination shall be sent by registered or certified mail to the Consultant's address as furnished to the State for purposes of correspondence, or by hand delivery. Upon receipt of such notice, the Consultant shall both immediately discontinue all services affected (unless the notice directs otherwise) and deliver to the State all data, drawings, specifications, reports, estimates, summaries, and such other information and materials as may have been accumulated by the Consultant in performing its duties under this contract, whether completed or in progress. All such documents, information, and materials shall become the property of the State.
2. If the termination is for the convenience of the State, the Consultant shall be entitled to receive reasonable compensation for services already satisfactorily performed and accepted, but no amount shall be allowed for anticipated profit on unperformed services. The Commissioner shall determine the amount of such compensation.
3. If the termination is for reason of failure of the Consultant to fulfill her/his/its contract obligations, the State may take over the work and prosecute the same to completion by contract or otherwise. In such event, the Consultant shall be liable to the State for any additional costs occasioned to the State thereby.
4. If after notice of termination for failure of the Consultant to fulfill her/his/its contract obligations it is determined that the Consultant had not so failed, the termination shall be deemed to have been effected for the convenience of the State. In such event, the Consultant shall be entitled to reasonable compensation as provided in Paragraph 2 of this section.

5. The rights and remedies of the parties provided in this section are in addition to any other rights and remedies provided by law or under this contract.

XII. SUCCESSORS AND ASSIGNS

If the Consultant is a sole proprietor and the Consultant should die during the term of this contract, this contract shall be considered terminated. In the event of such termination, the Consultant's estate shall be entitled to a reasonable payment for any uncompensated work performed to the date of death, and the State shall have title to, and shall have the right to immediate use and possession of, all finished and unfinished documents prepared under this contract. The Commissioner shall determine the amount of such payment. The Consultant shall not assign, sublet, or transfer any rights under or interest in this contract without the written consent of the State. No assignment will release or discharge the Consultant from any duty or responsibility under this contract. The Consultant shall be responsible to the State for acts and omissions of its own employees and any of its service providers hereinbefore mentioned and their employees.

The insurance shall remain in effect during the entire duration of this contract, including such additional time periods as may be necessary to complete specific projects, as hereinbefore set forth. The policy shall provide that it shall indemnify and save harmless the State and its officers, agents, and employees from claims, suits, actions, damages, and costs of every name and description resulting from negligence and errors and omissions in the work performed by the Consultant under the terms of this contract.

SEXUAL HARASSMENT POLICY STATEMENT

All personnel of the Department of Public Works have the responsibility for maintaining high standards of honesty, integrity, impartiality and conduct to assure proper performance and maintenance of public trust. Sexual harassment violates these standards, especially with regards to principles of equal opportunity, and specific acts of such misconduct will result in the severest of disciplinary action that can be taken.

Acts of sexual harassment are illegal and prohibited by the Civil Rights Act, Title VII as amended and Connecticut General Statutes 46a-60 as a discriminatory practice.

As the Commissioner of the Department of Public Works, I will under no circumstances tolerate any incidents of this type of behavior. Specifically, any supervisors, who use implicit or explicit sexual behavior to control, influence, or affect the career, pay or job of an employee is engaging in sexual harassment. Similarly, any employee who makes deliberate or repeated offensive verbal comments, gestures, or physical contact of a sexual nature in the work environment is also engaging in sexual harassment.

Sexual harassment can include verbal abuse such as sexual insults, lewd or suggestive comments, or unwelcome jokes of a sexual nature. Sexually suggestive objects or sexually explicit posters, calendars, photographs, cartoons, drawings or other explicit materials are inappropriate in a state workplace and can contribute to creating a hostile or offensive work environment.

Individuals who are sexually harassed by supervisors, co-workers, or peers should make it clear that such behavior is offensive. Individuals can file a sexual harassment complaint to the appropriate source(s) for investigation of the matter, so that action can be taken to ensure a work environment free of sexual harassment.

Sexual harassment is totally unacceptable conduct; it undermines the integrity of the employment relationship, debilitates morale, and interferes with the work productivity of the organization.

I shall expect every manager and supervisor to ensure that any instance of sexual harassment is dealt with swiftly, fairly, and effectively. All substantiated complaints will result in the strongest disciplinary action available to the Department.

SEXUAL HARASSMENT NARRATIVE

Sexual harassment is a particular type of sex discrimination. Like all sexual discrimination, it is illegal. It violates high standards of honesty, integrity, impartiality and conduct required of all sections of the Department of Public Works. It also interferes with and impedes work productivity.

Sexual harassment is defined as "any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
2. Submission to or rejection of such conduct by any individual is used as the basis for employment decisions affecting such individual; or
3. Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment."

You may file a complaint with your supervisor, the Human Resources Office at (860) 713-5304 or Johnette Tolliver, the agency's designated Equal Employment Opportunity Specialist at (860) 713-5394.
