INTERDEPARTMENTAL MEMORANDUM

TO: David Busanet, Bidding and Contracts Supervisor
Bidding & Contracts, Room G-35
165 Capitol Avenue, Hartford, CT 06106

FROM: John Nolan, Jr. Project Manager
Team General Gov't, Room 280
165 Capitol Avenue, Hartford, CT 06106

DATE: **January 13, 2010**

SUBJECT: ADDENDUM # 1

PROJECT TITLE: Bathrooms and Ramps
Veterans Affairs Campus – Buildings 2, 3 and 4
Rocky Hill, CT

PROJECT NO.: **BI-C-275**

SCHEDULED BID OPENING: **January 21, 2010 at 1:00PM**

Please expedite the attached **Addendum # 1**

1. The total number of pages in this addendum is: **16**
2. The total number of drawings in this addendum is: N/A
3. See attached Revised "Bid Released" form (55) dated: N/A
4. Addendum is clarifications to the Pre Bid Meeting that was held on 1/5/10.

Attachment
xc: Agency – John Wiltse/DVA
Team File – BI C 275
Project Manager – J. Nolan, C. Grodotzke

BATHROOMS AND RAMPS
VETERANS AFFAIRS CAMPUS – BUILDINGS 2, 3 & 4
ROCKY HILL, CONNECTICUT 06067
PROJECT: BI-C-275

BID OPENING	**1:00 P.M.**	**JANUARY 21, 2010**
ADDENDUM NUMBER 1	**DATE OF ADDENDUM**	**JANUARY 13, 2010**

The following clarifications are applicable to drawings and specifications for the project referenced above.

Item 1

ATTENDANCE RECORD for the Pre-Bid Meeting has been added and is attached as part of this addendum. (5 pages)

Item 2

See attached for RFIs. (7 pages)

Item 3

Project No. BI C 276, Upgrades to HVAC Systems for Buildings 3 and 4 will include replacing existing steam piping to the existing radiators on all floors, which will mean there will be no existing building heat during the construction of all phases. No allowance is going to be set up by DPW for temporary heating, cooling and ventilation. All projects will be required to provide their own heating, cooling and ventilation that is required for any finished work or comfort of their workers during the project. GC must supply his own temporary heat to maintain 50 degrees F in all bathrooms that are being renovated during the installation of floor and wall finishes, masonry work, interior painting, patching and testing of plumbing systems.

Item 4

Section 01 12 16, WORK SEQUENCE – PHASE(S), Page 3 of 56, Article C:

- Add the following:
  "Item No. 2 – the GC has the first ten (10) calendar days to removal all bathroom fixtures, tubs, shows, etc. prior to the start of asbestos abatement. The DPW's On Call Asbestos Contractor will then have eleven (11) calendar days for asbestos abatement.
  Item No. 3 – Change the Demo Phase for MEP from fourteen (14) calendar days to seven (7) calendar days."

Item 5

Section 10 21 13, TOILET PARTITIONS:

- Page 2, Article 1.7.A, revise "Class A" to read "Class B".
- Page 2, Article 2.1, add the following:

  "D. Global Partitions, Estanollee, GA (706.827.2700)

- Page 2, Article 2.2.A.3, revise "12 inches" to read "14 inches".
- Page 2, Article 2.2.A.4, revise "58 inches" to read "55 inches".
- Page 3, Article 2.3.A.1, revise "3/4 inch" to read "1 inch".
- Page 3, Article 2.3, add the following:
  "E. Hinges: 8 inch cast aluminum wrap around."

Item 6

Section 28 31 11, DIGITAL, ADDRESSABLE FIRE-ALARM SYSTEM :

- Page 1, Article 1.4, revise to read as follows:

  "Contractor shall be responsible for installing new fire alarm components to the existing Simplex Grinnell fire alarm system. This includes, but is not limited to, all programming, all reprogramming, testing, re-testing, connectors, conduit and all other materials associated with installing new devices to the existing fire alarm system."

- Page 5, Article 2.1.A.1, revise in its entirety to read "Simplex Grinnell".
- Page 5, Article 2.1.A.2, delete in its entirety.
- Page 5, Article 2.1.A.3, delete in its entirety.

Item 7

DRAWING SK-1, BUILDING #2 TOILET ROOMS DEMO & FLOOR PLANS has been added and is attached as part of this addendum. This revises information on Drawings D1 and A1.

Item 8

DRAWING E2, BLDGS 3 & 4 GANG BATHROOMS & BLDGS 2, 3 & 4 TOILET ROOMS ELECTRICAL PLAN:

- Electrical Notes, Note 4, revise to read as follows:

  "Provide 208V, 1 phase, 30A dedicated branch circuit and proper disconnecting means for power and controls for the dryer."

- Electrical 1-Line Diagram & Notes, Note 1, revise to read as follows:

  "Provide electrical panel 125A, MCB, 208Y/120V, 3 phase, Cutler-Hammer, NEMA 1A, recessed mounted, 22 KAIC, copper bus, 24 circuit with breakers as indicated. Rework existing branch circuits. Provide a 100A/3 phase feeder: 4 # 3 AWG & 1 # 8 ground in 2" conduit from electrical panel to main distribution panel location, use existing routing path of conduit. Contractor shall be responsible for field verifying all electrical panel equipment locations and existing conditions."

- Lighting Fixture Schedule, revise manufacturer/model number as follows:

  "A Omega Lighting/OM61H32PLTSRD-SHWR-120/277
  B1 Daybrite Lighting/BWN-328-UNV-1/3EB
  B1E Daybrite Lighting/BWN-328-UNV-1/3E6LP
  B2E Daybrite Lighting/2SPG-328-UNV-1/3E6LP"

  Also delete "vandal resistant" from the description of the above fixtures.

End of Addendum Number One

Page 2

1. I'm having trouble coming up with the exact scope and phasing for the project work areas. Please see my references and suggestions below.

   From the Specifications

   a. In section 101100 – Summary of the Work, item E.1 indicates the scope includes 7 bathrooms and 4 mini bathrooms. – CORRECT = 13 TOTAL
   6, NOT 4

   b. In section 012300 – Supplemental Bids, it appears that each supplement adds 2 additional toilet rooms to the scope of the project. – YES (3) SUPP BIDS @ (2) EA = (6) TTHL

   c. In section 011216 – Work Sequence, the four phases are identified. The bathrooms are referenced by building, wing and floor level. This is a bit confusing, because all other references only use building and floor on the drawings and the small reference plans do not indicate the "wings." In addition, can you please indicate if the supplemental bids are accepted, which phase they will fall into? → EXAMPLE: PHASE ONE, A WING = FIRST FLR
   PHASE ONE, C WING = SECOND FLR
   SEE G1 AGAIN
   MINI BATHS { BLDG # 2 = PHASE TWO
   BLDG #3 = PHASE FOUR
   BLDG #4 = PHASE ONE

   From the Plans

   d. Drawing G1 indicates the phasing. It states there are 7 gang bathrooms and 6 small toilet rooms for a total of 13 in the project. This is contrary to what is stated in my item "a" above. (13) IS CORRECT NUMBER

   e. Drawing G1 shows the buildings, but doesn't specifically label the wings. I attempted to determine the wings based on the information indicated regarding the phasing and could not confirm for sure I had them all correct. The one that confused me is that in building #3 in phases 3 and 4, two work areas are identified in what I would call the same wing, however, phase 3 and 4 refer to four different wings. It would seem two have to be in the same wing based on the graphic markings on the building plans. ONE PHASE WILL INCLUDE FIRST & SECOND FLOORS. WING NAME ID & FLOOR ARE LISTED RESPECTIVELY.

   f. Drawing A1 leads me to believe there are 8 gang bathrooms and 6 small bathrooms in the base bid and leaves me uncertain regarding the number in the supplemental bids.
   6/A1, BLDG # 4 QTY IS MISLABELED. QTY OF BLDG #4 IS (3) (TYPICAL) (1) (ATYPICAL)
   " " "

Is it possible to prepare a table similar to the one at the end of this RFI that would clearly outline the building, the floor, the wing, the A1 plan reference and the phase for each toilet room in the project? It would be greatly appreciated.

QTY OF BLDG # 3 IS (3) TYPICAL
BLDG #1, WING E..
... IS NOT INCLUDED.

2. I'm having difficulty determining the full extent of new ceramic tile flooring work. It appears from the demolition drawing D1 that the existing tile flooring is being removed in all areas with the possible exception of the center area within the bathing and showering areas as noted on 1 and 4/AD1. On drawing A1 it is not fully clear that all new tile is required throughout the areas noted on partial plans 5, 6 and 7. Can you please confirm the requirements? DEMO NOTE #7. DEMO OF RAISED DECK CAN NOT BE ACHIEVED W/O DEMO OF FINISH TILE FIRST. TILE IS INCLUDED IN DEMO OF THIS AREA.

3. On plan reference detail 5/A1 the plans indicate new lockers in both toilet rooms but only states they are new in one. Are new required in both? Can you please confirm if supplemental bid # 3 requires new lockers in each bathroom as well?

NEW LOCKERS IN BOTH TOILET ROOMS.
SCOPE OF WORK IN TOILET ROOMS IS EXACTLY THE SAME.

DEMO NOTE #8 NEW FLOOR TILE WILL BE PROVIDED IN ALL AREAS PREVIOUSLY REMOVED. TILE THROUGH OUT.

State Project No. BI-C-275

Request for Information

To: Silver/Petrucelli & Assoc Request Date: 1/5/2010 Request No. 1
Carlton Grodotzke, PM DPW
Response Required By: ASAP

Attention:
Area Involved Proj # BI-C-275 Fire Alarm System
Document Referenced Spec
Specification Sec 28 31 11

Reason for Request:	Action Requested:	Probable Effect:
☐ Insufficient Information	☒ Clarification	☐ No Change
☐ Engineering Conflict	☐ Direction	☐ Increase Cost
☐ Alternative Proposal	☐ Approval	☒ Decrease Cost
☐ Other:	☐ Other:	☐ Impact Schedule

Question: The specification lists three acceptable (page 5) manufactures yet the existing Fire Alarm system is SimplexGrinnell which is not listed.
Should this be "add to existing system"?

SimplexGrinnell Representative's Signature: J Hersey Date: 1/5/2010

Response: THE SPECIFICATIONS NOW REFLECT THE ONLY ACCEPTABLE FIRE ALARM MANUFACTURER; SIMPLEX GRINNEL.
THIS WILL BE REFLECTED IN THE ADDENDUM
THAT WILL BE ISSUED NEXT WEEK

Re: **Bath Renovations Veteran's Affairs BI-C-275**
From: Moe Villano
Pages: 1 , including this cover page

If all pages are not received, please notify us at once.

☒ URGENT – Please Reply ☐ FOR BIDS DUE:

MESSAGE: Please clarify the following for: Bath **Renovations Veteran's Affairs BI-C-275**

My Electrical subs have asked the following questions:
1. Does the contract include re-feeding the new LP-1 Bathrooms panels from the main distribution source? If yes, where are the main panels located? What size feeders are required? If main panel locations differ, could distances to the main panels be provided?

Please call me at 571-8812 (ext.#18) or mvillano@ctcarpentry.com with any questions.

Thank you
MOE V

RESPONSE THE CONTRACT INCLUDES RE-FEEDING LP-1 ELECTRICAL PANEL 125A, MCB, 208Y/120V, 3Ø FROM THE MDP SOURCE. THE EXACT LOCATION SHALL BE DETERMINED IN THE FIELD, VIA WALK-THROUGH.
