2006 Estimated Connecticut Income Tax Payment Coupon for Individuals

(Rev. 08/06)

General Instructions

Who Should File This Coupon: Use this coupon if you are required to make estimated income tax payments for the 2006 taxable year and you do not receive a preprinted coupon package from the Department of Revenue Services (DRS). Coupon packages are mailed in mid-January to those who made estimated income tax payments in the prior year.

Pay by Credit Card: See *Payment Options* on Page 4.

Nonresidents and Part-Year Residents: Nonresident individuals are subject to Connecticut income tax on their Connecticut source income. Part-year residents are taxed on all income received while a resident of Connecticut and on income received from Connecticut sources while a nonresident. **Connecticut source income** includes, but is not limited to, income from a business, profession, occupation, or trade conducted in this state as well as income from the rental or sale of real or tangible property located in Connecticut.

Civil Unions: Effective for taxable years beginning on or after January 1, 2006, parties to a civil union recognized under Connecticut law must file their Connecticut income tax returns as if they were entitled to the same filing status accorded spouses under the Internal Revenue Code. This means that, for purposes of calculating their Connecticut income tax liability, parties to a civil union must recompute their federal income tax liability as married filing jointly or married filing separately. Parties to a civil union may not calculate their Connecticut income tax liability as single or, if applicable, head of household filers (although this will be their filing status for federal income tax purposes).

Who Is Required to Make Estimated Payments: You must make estimated income tax payments if your Connecticut income tax (after tax credits) minus Connecticut tax withheld is \$1,000 or more, and you expect your Connecticut income tax withheld to be less than your required annual payment for the 2006 taxable year.

Your required annual payment is the **lesser** of:

- 90% of the income tax shown on your **2006 Connecticut income tax return**; or
- 100% of the income tax shown on your **2005 Connecticut income tax return** if you filed a 2005 Connecticut income tax return that covered a 12-month period.

You do **not** have to make estimated income tax payments if:

- You were a Connecticut resident during the 2005 taxable year and you did not file a 2005 income tax return because you had no Connecticut income tax liability; or
- You were a nonresident or part-year resident with Connecticut source income during the 2005 taxable year and you did not file a 2005 income tax return because you had no Connecticut income tax liability.

If you were a nonresident or part-year resident and you did **not** have Connecticut source income during the 2005 taxable year, then you **must** use 90% of the income tax shown on your 2006 Connecticut income tax return as your required annual payment.

When to File: Estimated payments for the 2006 taxable year are due on or before April 15, June 15, September 15, 2006, and January 15, 2007. (Fiscal year filers should follow federal filing dates.) If the due date falls on a Saturday, Sunday, or legal holiday, the next business day is the due date. An estimate will be considered timely filed if received or if the date shown by the U.S. Postal Service cancellation mark is on or before the due date.

How Much Should I Pay: Complete the *2006 Estimated Connecticut Income Tax Worksheet* on Page 2 to calculate your required annual payment.

Special Rules for Farmers and Fishermen: If you are a farmer or fisherman (as defined in I.R.C. §6654(i)(2)) who is required to make estimated income tax payments, you will be required to make only **one** payment. Your installment is due on or before January 15, 2007, for the 2006 taxable year. The required installment is the lesser of 66⅔% of the income tax shown on your 2006 Connecticut income tax return or 100% of the income tax shown on your 2005 Connecticut income tax return. See **Informational Publication 2005(12)**, *Farmer's Guide to Sales and Use Taxes, Motor Vehicle Fuels Tax, Estimated Income Tax, and Withholding Tax*.

Annualized Income Installment Method: If your income varies throughout the year, you may be able to reduce or eliminate the amount of your estimated tax payment for one or more periods by using the annualized income installment method. See **Informational Publication 2005(27)**, *A Guide to Calculating Your Annualized Estimated Income Tax Installments and Worksheet CT-1040AES*.

Interest: You may be charged interest if you did not pay enough tax through withholding or estimated payments, or both, by any installment due date. This is true even if you are due a refund when you file your tax return. Interest is calculated separately for each installment. Therefore, you may owe interest for an earlier installment even if you paid enough tax later to make up for the underpayment. Interest at 1% (.01) per month or fraction of a month will be added to the tax due until the **earlier** of April 15, 2007, or the date on which the underpayment is paid.

If you file your income tax return for the 2006 taxable year on or before January 31, 2007, and pay in full the amount computed on the return as payable on or before that date, you will not be charged interest for failing to make the estimated payment due January 15, 2007.

A farmer or fisherman who files a 2006 Connecticut income tax return on or before March 1, 2007, and pays in full the amount computed on the return as payable on or before that date, will not be charged interest for underpayment of estimated tax.

Table B - Connecticut Income Tax for 2006 Taxable Year

Single/Married Filing Separately or Civil Union Filing Separately	Married or Civil Union Filing Jointly or Qualifying Widow(er)	Head of Household
If the amount on Line 3 of the Tax Calculation Schedule is: Less than or equal to \$10,000, multiply by .03. More than \$10,000, multiply the excess over \$10,000 by .05 and add \$300.00.	If the amount on Line 3 of the Tax Calculation Schedule is: Less than or equal to \$20,000, multiply by .03. More than \$20,000, multiply the excess over \$20,000 by .05 and add \$600.00.	If the amount on Line 3 of the Tax Calculation Schedule is: Less than or equal to \$16,000, multiply by .03. More than \$16,000, multiply the excess over \$16,000 by .05 and add \$480.00.
For example, if the amount on Line 3 is \$13,000 enter \$450.00 on Line 4. \$13,000 - \$10,000 = \$3,000 \$3,000 x .05 = \$150.00 \$150.00 + \$300.00 = \$450.00	For example, if the amount on Line 3 is \$22,500 enter \$725.00 on Line 4. \$22,500 - \$20,000 = \$2,500 \$2,500 x .05 = \$125.00 \$125.00 + \$600.00 = \$725.00	For example, if the amount on Line 3 is \$20,000 enter \$680.00 on Line 4. \$20,000 - \$16,000 = \$4,000 \$4,000 x .05 = \$200.00 \$200.00 + \$480.00 = \$680.00
