Our outreach is practice-based. As of May 31, 2015, we have reached out to 293 practices representing 1433 EPs. Of these 1433 EPs, 163 already have a Direct account, 197 are waiting for their certified electronic health records (CEHRs) to implement Direct, and 211 declined to sign up for Direct. Furthermore, 50 EPs have set up Direct mailboxes through this program, 16 EPs are in the provisioning process and 654 remain undecided. Additionally, 21 accounts have been registered to referral partners of EPs and EHs to facilitate Direct communication.

### Direct Messages Sent and Received on CTPProviderDirect – 5/31/15

\*SMTP Ports were enabled on December 17<sup>th</sup>. Monthly totals does not include all messages sent via SMTP. All SMTP and web portal volumes are included in sent messages starting 5/1/2015.

As of May 31<sup>st</sup>, 123 messages have been sent from our HISP and 698 messages have been received. To date, users on the Direct secure messaging portal, CTPProviderDirect.org, have had successful exchanges with the following provider groups using different HISPs: Yale-New Haven Hospital System which uses Surescripts, Hartford Health Care which uses Cerner, Charlotte Hungerford Hospital which uses MaxMD.
