

ATTENTION MEDIA

The Department of Social Services is holding a public hearing today in a designated area of this healthcare facility. Our residents consider this facility to be their home. We ask that all news media respect our residents' right to privacy. To protect our residents and to avoid interference in the operations of the facility, we require that any news media attending today's hearing abide by the following:

- 1. Upon entering the facility, turn off all cameras and recording devices. We will permit news media to set up equipment in the room where the public hearing will be held.**
- 2. Cameras and recording devices may be used only during the actual proceeding. Devices may be turned on once the hearing officer has opened the hearing and must be turned off upon adjournment.**
- 3. Once the hearing adjourns, please do not use cameras or recording devices outside the hearing room.**

Thank you for your cooperation.
