

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State Connecticut**(2) Supplemental Reimbursement for Inpatient Hospital Services.**

Supplemental payments to eligible hospitals shall be made from a pool of funds in the amount of up to a maximum of \$150.19 million for the year ending June 30, 2016. The payments shall be made periodically throughout the fiscal year.

- (a) Hospitals eligible for supplemental payments under this paragraph are short-term general hospitals other than short-term children's general hospitals and short-term acute care hospitals operated exclusively by the State, other than a short-term acute care hospital operated by the State as a receiver.
- (b) Each eligible hospital's share of the supplemental payment pool shall be equal to that hospital's pro rata share of the total Medicaid inpatient revenues of all eligible hospitals in the aggregate. For purposes of this supplemental payment, "Medicaid inpatient revenues" means payments for Medicaid inpatient hospital services provided in federal fiscal year 2013 to each eligible hospital up to a maximum of \$50 million per year per hospital as reported as Medicaid inpatient accrued payments in each hospital's filing with the State of Connecticut Office of Health Care Access (OHCA). Each hospital's share of the supplemental payment pool is subject to adjustment if its Medicaid inpatient revenue as reported by the hospital on OHCA Reports 500 and 550 is audited. There shall be no further redistribution of inpatient hospital supplemental payments after adjustments are made based on such audit.
