

## **“Is Your Child Care Program Ready?”**

### **Disaster Planning for Child Care Centers and Family Child Care Homes**

**Did you know** that in Connecticut, it is estimated that over 200,000 children are enrolled in early childhood programs in a variety of settings including before and after school programs? Many families assume these programs are fully equipped to safeguard their children in the event of an emergency.

**Did you know** that many early childhood and before and after school programs do not have a plan ready in the event of disasters, such as tornadoes, hurricanes, earthquakes, chemical spills and criminal or terrorist attacks?

### **IS YOUR EARLY CHILDHOOD PROGRAM READY IF DISASTER STRIKES?**

This **FREE** training will examine disaster preparedness plans for the early childhood community currently in place in Connecticut. In partnership with state/local emergency officials, this training will help participants create new emergency preparedness plans that build on existing measures to ensure an enhanced level of preparedness so they are equipped to address the unique needs of children in an emergency.

**PLEASE SEE THE BACK OF THIS FLYER FOR IMPORTANT TRAINING SESSION INFORMATION**

***Thanks to the CT Department of Social Services for support of this initiative with a one-time allocation of federal child care stimulus funds.***
