SUBJECT: ASSET LIMIT CHANGE FOR CHCPE

The Department of Social Services has increased the asset limit for the CHCPE.

Effective April 1, 2007 the asset limit for a single individual will increase to \$30,492 and a couple to \$40,656.

Please review all tenants receiving ALSA services under the DECD program to determine if they can be transferred to the CHCPE program based on these new asset limits. For any tenant who can be transferred, please be aware that DECD will continue to fund that tenant until the transfer is complete. Any new tenant needing services should be placed in the appropriate program (DSS or DECD) based on these new asset limits.

If you have any questions with regard to the change in rate, please call Christina Keune at (860)270-8204 or Judy Singarella at (860)270-8211.
