Department of Economic and Community Development

REQUEST FOR PROPOSALS

The State of Connecticut Department of Economic and Community Development (DECD) is seeking proposals through a Request For Proposals (RFP) process from non-profit organizations to provide free housing counseling services to persons or families on a statewide basis to avoid preventable foreclosures and ameliorate the effects of the foreclosure crises on persons or families at risk of losing their primary residence to a foreclosure action. In addition, this RFP is intended to provide legal services associated with tenant protection assistance for renters who are affected or who are at risk of being affected by a foreclosure action. This RFP is being conducted on a competitive basis, with final approval by DECD.

Copies of the RFP may be downloaded electronically.

DECD programs are administered in a nondiscriminatory manner, consistent with equal employment opportunities, affirmative action, and fair housing requirements.

The deadline for response submission is 4:00 P.M., EST on Friday, December 28, 2012.
