

**May 4, 2010**

### **SFI Thank You**

Thank you again to all liaisons who updated their designee lists and used the electronic system to send out periodic reminders for the Calendar Year 2009 SFI filings. We experienced 95% compliance with this statutory requirement, and 80% of those who filed did so online. Those of you who were in the practice of updating your lists throughout the year found the process as easy as pushing a button. We encourage everyone to do the same. As changes occur in your agency that might affect your filer list, please make those changes in the [system](#) in real time. Our goal for next year is to have all lists correct by the time the SFI season begins so the process can be seamless.

Visit our [website](#) for the list of 70 agencies and boards that had 100% timely filing. Special thanks to the liaisons of those agencies for a job well done!

### **In-person Training Available**

The OSE continues to offer to state agencies in-person training on the Code of Ethics. This training is provided free of charge. Please use the [Training Request Form](#) to make arrangements.

### **Administrative Lobbying Reminder**

Lobbying does not take place solely in the halls of the Capitol. If lobbyists are in your agency and attempting to influence administrative action, they should be wearing identifying badges. Feel free to remind them of this obligation.

### **Make Ethics Visible – New Poster!**

The OSE is pleased to provide you with the third in a series of ethics posters ([attached](#)) for your use in your agency. Feel free to post or distribute as you like, and look forward to more to come!
