Re: APCD Reporting Entity Registration

Reporting Entities doing business in Connecticut are required to register on an annual basis by October 1 of each year with the Administrator of the All-Payer Claims Database (APCD), per the Policies and Procedures: All-Payer Claims Database.

As Administrator, I am writing to inform you that the October 1, 2014 deadline will be postponed until further notice while we finalize our agreement with our data management contractor. Following the contractor announcement, to be made by the APCD, the required registration date will be re-established and new registration details and materials will be circulated to the relevant reporting entities, and will be posted on the Connecticut Health Insurance Exchange website ([www.ct.gov/hix](http://www.ct.gov/hix)).
