Re: Transitional Reinsurance Program

The Connecticut Transitional Reinsurance Program continues to move ahead with state based reinsurance as originally communicated to you on April 11, 2013. We do not have final requirements to share with you at this time however.

The State and the Access Health CT will continue to work with the Health Reinsurance Association (HRA) on the development of the reinsurance process. As future discussions with CMS take place, and requirements are finalized, we will communicate to you accordingly.

Thank you for the input that you have provided to us so far, as we always appreciate your suggestions and feedback. We look forward to working with each of you to attain a cost effective and efficiently administered process to ensure that you receive prompt and proper reinsurance payments.
