

Attachment C:

DESIGNATED WILDLIFE BIOLOGISTS FOR MOOSE AND BEAR SITUATIONS

The following list of Wildlife Division personnel are considered the "Designated Wildlife Biologists" described in the directive governing use of tranquilizer guns and drugs and response to problem situations involving moose and bear.

During normal working hours they may be contacted via the appropriate Wildlife Division office telephone number. Outside of normal working hours, the biologists may be contacted via the home telephone numbers listed. (Note: home telephone numbers shall not be released to anyone other than DEP personnel involved in Communications, Wildlife, or Law Enforcement).

The listed biologists shall be called in descending order of priority until successful contact is made.

Note: All office and home phone numbers are in the 860 area code.
