The Office of Protection and Advocacy for Persons with Disabilities (P&A) is an independent state agency that promotes, protects and defends the civil and human rights of people with disabilities. Every year, P&A develops priorities in response to the needs of people with disabilities. These priorities determine the issues that receive special attention during the year. We determine these priorities partly in response to what people tell us at our annual forums.

A sign language interpreter will be present at all forums. Contact P&A at least 3 business days before the event at (860) 297-4311, if other accommodations (material in large print, assistive listening systems, etc.) are needed.

Please refrain from wearing scented products to the forums
