

Navigate to Advocate

How to navigate the complexities of the DDS System to best advocate for your child's adult services

- What is a Medicaid Waiver and how will it support my child?
- How do I complete the Level of Need (LON) tool and why is this so important?
- What is the role of the DDS case manager and how can I work WITH them to get the best outcomes for my child?

Are these the types of questions you struggle with as you plan for your child's future? If so, ***you are not alone!*** The DDS service system is complex and vast. Many parents face these same struggles as they attempt to advocate for their child's adult services.

If you have a child who is facing the transition from school into adult services **OR** if you have an adult child who is already part of the DDS support system please come get answers to these and any other questions you may have.

WHEN: Wednesday, May 8, 2013

TIME: 7:00PM

WHERE: FAVARH -225 Commerce Dr, Canton, CT

In order to help us prepare a workshop that will best meet your needs, please submit your question(s) now to Shannon Jacovino, Individual & Family Advocate, of The Arc of Connecticut at sjacovino@arcofct.org. You may also RSVP to this address.
