?		VACANT PROS

Impact of Poential Shurdown

No Impact Per Kathryn Barnabei of DOT

No Impact Per Lisa Secondo

Public Defender Services thinks there should be no impact.

Since these positions are funded in the General Fund there will be no direct impact on the positions. However, there could be an impact on the reimbursement draw down of 75% of eligible expenses which is deposited in the General Fund's miscellaneous federal revenue account (for the period July, 2013-September, 2013). This draw down occurs quarterly following the end of the quarter. Although the award for the period covering July - September, 2013 is in place, there may not be federal personnel available to process the draw down request if there is a federal shutdown.
